Publication of OIG Special Fraud Alert on Telemarketing by Durable Medical Equipment Suppliers

AGENCY: Office of Inspector General (OIG), HHS.

ACTION: Notice.

SUMMARY: This Federal Register notice sets forth the recently issued OIG Special Fraud Alert addressing telemarketing by durable medical equipment (DME) suppliers. For the most part, OIG Special Fraud Alerts address national trends in health care
The Office of Inspector General (OIG) was established at the Department of Health and Human Services by Congress in 1976 to identify and eliminate fraud, waste, and abuse in the department’s programs and to promote efficiency and economy in departmental operations. The OIG carries out this mission through a nationwide program of audits, investigations, and inspections. To reduce fraud and abuse in the federal health care programs, including Medicare and Medicaid, the OIG actively investigates fraudulent schemes that are used to obtain money from these programs and, when appropriate, issues Special Fraud Alerts that identify practices in the health care industry that are particularly vulnerable to abuse.

The OIG issues Special Fraud Alerts based on information it obtains concerning particular fraudulent or abusive practices within the health care industry. Special Fraud Alerts are intended for widespread dissemination to the health care provider community, as well as those charged with administering the Medicare and Medicaid programs. To date, the OIG has published in the Federal Register the texts of 11 previously-issued Special Fraud Alerts.¹

This Special Fraud Alert focuses on section 1834(a)(17) of the Social Security Act, which prohibits suppliers of DME, except under limited circumstances, from making unsolicited telephone calls to Medicare beneficiaries regarding the furnishing of a covered item, and possible telemarketing practices by DME suppliers through the use of independent marketing firms.

II. Special Fraud Alert: Telemarketing by Durable Medical Equipment Suppliers (January 2003)

Section 1834(a)(17) of the Social Security Act prohibits suppliers of durable medical equipment (DME) from making unsolicited telephone calls to Medicare beneficiaries regarding the furnishing of a covered item, except in three specific situations: (i) the beneficiary has given written permission to the supplier to make contact by telephone; (ii) the contact is regarding a covered item the supplier has already furnished the beneficiary; or (iii) the supplier has furnished at least one covered item to the beneficiary during the preceding fifteen months. Section 1834(a)(17)(B) also specifically prohibits payment to a supplier who knowingly submits a claim generated pursuant to a prohibited telephone solicitation. Accordingly, such claims for payment are false and violators are potentially subject to criminal, civil, and administrative penalties, including exclusion from federal health care programs.
