D. Ineligible Persons

1. **Definitions.** For purposes of this IA:

   a. an “Ineligible Person” shall include an individual or entity who:

      i. is currently excluded from participation in any Federal health care program; or

      ii. has been convicted of (a) a criminal offense that is related to the delivery of an item or service under Medicare or any state health care program; (b) a criminal offense relating to neglect or abuse of patients; (c) a felony criminal offense relating to fraud, theft, embezzlement, breach of fiduciary responsibility, or other financial misconduct in connection with the delivery of a health care item or service or with respect to a government funded health care program (other than Medicare or a state health care program); or (d) a felony criminal offense relating to the unlawful manufacture, distribution, prescription or dispensing of a controlled substance, but has not yet been excluded, debarred, suspended, or otherwise declared ineligible.

2. **Screening Requirements.** Lan Apothecary shall ensure that all prospective and current Covered Persons are not Ineligible Persons, by implementing the following screening requirements.

   a. Lan Apothecary shall screen all prospective Covered Persons against the Exclusion List prior to engaging their services and, as part of the hiring or contracting process, shall require such Covered Persons to disclose whether they are Ineligible Persons.
b. Lan Apothecary shall screen all current Covered Persons against the Exclusion List within 30 days after the Effective Date and on a monthly basis thereafter.

c. Lan Apothecary shall require all Covered Persons to disclose immediately if they become an Ineligible Person.

Nothing in this Section III.D affects Lan Apothecary’s responsibility to refrain from (and liability for) billing Federal health care programs for items or services furnished, ordered, or prescribed by an excluded person. Lan Apothecary understands that items or services furnished by excluded persons are not payable by Federal health care programs and that Lan Apothecary may be liable for overpayments and/or criminal, civil, and administrative sanctions for employing or contracting with an excluded person regardless of whether Lan Apothecary meets the requirements of Section III.D.

3. Removal Requirement. If Lan Apothecary has actual notice that a Covered Person has become an Ineligible Person, Lan Apothecary shall remove such Covered Person from responsibility for, or involvement with, Lan Apothecary’s business operations related to the Federal health care program(s) from which such Covered Person has been excluded and shall remove such Covered Person from any position for which the Covered Person’s compensation or the items or services furnished, ordered, or prescribed by the Covered Person are paid in whole or part, directly or indirectly, by any Federal health care program(s) from which the Covered Person has been excluded at least until such time as the Covered Person is reinstated into participation in such Federal health care program(s).

4. Pending Charges and Proposed Exclusions. If Lan Apothecary has actual notice that a Covered Person is charged with a criminal offense that falls within the scope of 42 U.S.C. §§ 1320a-7(a), 1320a-7(b)(1)-(3), or is proposed for exclusion during the Covered Person’s employment or contract term, Lan Apothecary shall take all appropriate actions to ensure that the responsibilities of that Covered Person have not and shall not adversely affect the quality of care rendered to any beneficiary or the accuracy of any claims submitted to any Federal health care program.

Lan Apothecary should follow the payor’s policies regarding the form of notification and the repayment process for any Overpayment refunds. d. a description of how the Ineligible Person was identified; and

e. a description of any corrective action implemented to prevent future employment or contracting with an Ineligible Person.

5. Reportable Events under Section III.G.1.d. If the Reportable Event involves the filing of a bankruptcy petition, the report to the OIG shall include documentation of the bankruptcy filing and a description of any Federal health care program requirements implicated.

6. Reportable Events Involving the Stark Law. Notwithstanding the reporting requirements outlined above, any Reportable Event that involves solely a probable violation of section 1877 of the Social Security Act, 42 U.S.C. §1395nn (the Stark Law) should be submitted by Lan Apothecary to CMS through the self-referral disclosure protocol (SRDP), with a copy to the OIG. If Lan Apothecary identifies a probable violation of the Stark Law and repays the applicable Overpayment directly to the CMS contractor, then Lan Apothecary is not required by this Section III.G to submit the Reportable Event to CMS through the SRDP.

Lan Apothecary also shall obtain (as applicable) a certification from any third party billing company that the company: (1) has a policy of not employing any person

health care programs; (2) screens its prospective and current employees against the 
Exclusion List; and (3) provides training in the applicable requirements of the Federal

   e. failure to comply with Section V;
f. failure to respond to a Demand Letter for Stipulated Penalties in accordance with Section X.C;

g. failure to pay Stipulated Penalties within 20 days after an ALJ issues a decision ordering Lan Apothecary to pay the Stipulated Penalties or within 20 days after the HHS Departmental Appeals Board (DAB) issues a decision upholding the determination of OIG; or

h. failure to come into compliance with a requirement for which OIG has demanded Stipulated Penalties, pursuant to the deadlines listed in Section X.E.2.

2. Notice of Material Breach and Intent to Exclude. The parties agree that a material breach of this IA by Lan Apothecary constitutes an independent basis for Lan Apothecary’s exclusion from participation in the Federal health care programs. The length of the exclusion shall be in the OIG’s discretion, but not more than three years for each material breach. Upon a preliminary determination by OIG that Lan Apothecary has materially breached this IA, OIG shall notify Lan Apothecary of: (a) Lan Apothecary’s material breach; and (b) OIG’s intent to exclude Lan Apothecary. (This notification shall be referred to as the “Notice of Material Breach and Intent to Exclude.”)

3. Response to Notice. Lan Apothecary shall have 30 days from the date of the Notice of Material Breach and Intent to Exclude to submit any information and documentation for OIG to consider before it makes a final determination regarding exclusion.

4. Exclusion Letter. If OIG determines that exclusion is warranted, OIG shall notify Lan Apothecary in writing of its determination to exclude Lan Apothecary. (This letter shall be referred to as the “Exclusion Letter.”) Subject to the Dispute Resolution provisions in Section X.E, below, the exclusion shall go into effect 30 days after the date of the Exclusion Letter. The exclusion shall have national effect. The effect of the exclusion shall be that no Federal health care program payment may be made for any items or services furnished, ordered, or prescribed by Lan Apothecary, including administrative and management services, except as stated in regulations found at 42 C.F.R. 1001.1901(c). Reinstatement to program participation is not automatic. At the end of the period of exclusion, Lan Apothecary may apply for reinstatement, by submitting a written request for reinstatement in accordance with the provisions at 42 C.F.R. §§ 1001.3001-.3004.

E. Dispute Resolution

1. **Review Rights.** Upon OIG’s issuing a Demand Letter or Exclusion Letter, and as an agreed-upon remedy for the resolution of disputes arising under this IA, Lan Apothecary shall be afforded certain review rights comparable to the ones that are provided in 42 U.S.C. § 1320a-7(f) and 42 C.F.R. Part 1005. Specifically, OIG’s determination to demand payment of Stipulated Penalties or to seek exclusion shall be subject to review by an HHS ALJ and, in the event of an appeal, the DAB, in a manner consistent with the provisions in 42 C.F.R. § 1005.2-1005.21, but only to the extent this IA does not provide otherwise. Notwithstanding the language in 42 C.F.R. § 1005: (a) the request for a hearing involving Stipulated Penalties shall be made within 10 days after the date of the Demand Letter and the request for a hearing involving exclusion shall be made within 25 days after the date of the Exclusion Letter; and (b) no discovery shall be available to the parties. The procedures relating to the filing of a request for a hearing can be found at [http://www.hhs.gov/dab/divisions/civil/procedures/divisionprocedures.html](http://www.hhs.gov/dab/divisions/civil/procedures/divisionprocedures.html).

2. **Stipulated Penalties Review.** Notwithstanding any provision of Title 42 of the United States Code or Title 42 of the Code of Federal Regulations, the only issues in a proceeding for Stipulated Penalties under this IA shall be: (a) whether Lan Apothecary was in full and timely compliance with the requirements of this IA for which OIG demands payment; and (b) the period of noncompliance. Lan Apothecary shall have the burden of proving its full and timely compliance. If the ALJ upholds the OIG’s determination that Lan Apothecary has breach this IA and orders Lan Apothecary to pay Stipulated Penalties, Lan Apothecary must (a) come into compliance with the requirement(s) that resulted in the OIG imposing Stipulated Penalties and (b) pay the Stipulated Penalties within 20 days after the ALJ issues a decision, unless Lan Apothecary properly and timely requests review of the ALJ decision by the DAB. If the ALJ decision is properly and timely appealed to the DAB and the DAB upholds the determination of OIG, Lan Apothecary must (a) come into compliance with the requirement(s) that resulted in the OIG imposing Stipulated Penalties and (b) pay the Stipulated Penalties within 20 days after the DAB issues its decision.

3. **Exclusion Review.** Notwithstanding any provision of Title 42 of the United States Code or Title 42 of the Code of Federal Regulations, the only issues in a proceeding for exclusion based on a material breach of this IA shall be whether Lan Apothecary was in material breach of this IA. If the ALJ sustains the OIG’s determination of material breach, the exclusion shall take effect 20 days after the ALJ issues the decision. If the DAB finds in favor of OIG after an ALJ decision adverse to OIG, the exclusion shall take effect 20 days after the DAB decision. Lan Apothecary shall waive its right to any notice by OIG of the exclusion if a decision upholding the

exclusion is rendered by the ALJ or DAB. If the DAB finds in favor of Lan Apothecary, Lan Apothecary shall be reinstated effective on the date of the exclusion.

4. Finality of Decision. The review by an ALJ or DAB provided for above shall not be considered to be an appeal right arising under any statutes or regulations. The parties to this IA agree that the DAB’s decision (or the ALJ’s decision if not appealed) shall be considered final for all purposes under this IA and Lan Apothecary agrees not to seek additional review of the DAB’s decision (or the ALJ’s decision if not appealed) in any judicial forum.

XI. EFFECTIVE AND BINDING AGREEMENT

Lan Apothecary and OIG agree as follows:

A. This IA shall become final and binding on the date the final signature is obtained on the IA.

B. This IA constitutes the complete agreement between the parties and may not be amended except by written consent of the parties to this IA.

C. OIG may agree to a suspension of Lan Apothecary’s requirements under this IA based on a certification by Lan Apothecary that it is no longer providing health care items or services that will be billed to any Federal health care program and it does not have any ownership or control interest, as defined in 42 U.S.C. §1320a-3, in any entity that bills any Federal health care program. If Lan Apothecary is relieved of its IA requirements, Lan Apothecary shall be required to notify OIG in writing at least 30 days in advance if Lan Apothecary plans to resume providing health care items or services that are billed to any Federal health care program or to obtain an ownership or control interest in any entity that bills any Federal health care program. At such time, OIG shall evaluate whether the IA will be reactivated or modified.

D. All requirements and remedies set forth in this IA are in addition to and do not affect: (1) Lan Apothecary’s responsibility to follow all applicable Federal health care program requirements or (2) the government’s right to impose appropriate remedies for failure to follow applicable Federal health care program requirements.

E. The undersigned Lan Apothecary signatory represents and warrants that she is authorized to execute this IA. The undersigned OIG signatories represent that they are signing this IA in their official capacity and that they are authorized to execute this IA.

F. This IA may be executed in counterparts, each of which constitutes an original and all of which constitute one and the same IA. Electronically transmitted copies of signatures shall constitute acceptable, binding signatures for purposes of this IA.

This Appendix contains the requirements relating to the Independent Review Organization (IRO) required by Section III.C of the IA.

A. IRO Engagement

1. Lan Apothecary shall engage an IRO that possesses the qualifications set forth in Paragraph B, below, to perform the responsibilities in Paragraph C, below. The IRO shall conduct the review in a professionally independent and objective fashion, as set forth in Paragraph E. Within 30 days after OIG receives the information identified in Section V.A.2 of the IA or any additional information submitted by Lan Apothecary in response to a request by OIG, whichever is later, OIG will notify Lan Apothecary if the IRO is unacceptable. Absent notification from OIG that the IRO is unacceptable, Lan Apothecary may continue to engage the IRO.

2. If Lan Apothecary engages a new IRO during the term of the IA, that IRO must also meet the requirements of this Appendix. If a new IRO is engaged, Lan Apothecary shall submit the information identified in Section V.A.2 of the IA to OIG within 30 days of engagement of the IRO. Within 30 days after OIG receives this information, or any additional information submitted by Lan Apothecary at the request of OIG, whichever is later, OIG will notify Lan Apothecary if the IRO is unacceptable. Absent notification from OIG that the IRO is unacceptable, Lan Apothecary may continue to engage the IRO.

B. IRO Qualifications

The IRO shall:

1. assign individuals to conduct the Quarterly Claims Review who have expertise in the Medicare Part D and state Medicaid program requirements and state Board of Pharmacy requirements applicable to the claims being reviewed and the dispensing and billing for prescription drugs;

2. assign individuals to design and select the Quarterly Claims Review sample who are knowledgeable about the appropriate statistical sampling techniques;

3. assign individuals to conduct the coding review portions of the Quarterly Claims Review who have expertise in pharmacy billing for prescription drugs;

Theresa Phan and Lan Apothecary
Appendix A – Independent Review Organization
4. assign licensed nurses or physicians with relevant education, training and specialized expertise (or other licensed health care professional acting within their scope of practice and specialized expertise) to make the medical necessity determinations required by the Quarterly Claims Review; and

5. have sufficient staff and resources to conduct the reviews required by the IA on a timely basis.

C. IRO Responsibilities

The IRO shall:

1. perform each Quarterly Claims Review in accordance with the specific requirements of the IA;

2. follow all applicable Medicare and state Medicaid program rules and reimbursement guidelines and State Board of Pharmacy requirements in making assessments in the Claims Review;

3. request clarification from the appropriate authority (e.g., Medicare contractor), if in doubt of the application of a particular Medicare or state Medicaid program policy or regulation;

4. respond to all OIG inquires in a prompt, objective, and factual manner; and

5. prepare timely, clear, well-written reports that include all the information required by Appendix B and Appendix C to the IA.

D. Lan Apothecary Responsibilities

Lan Apothecary shall ensure that the IRO has access to all records and personnel necessary to complete the reviews listed in Section III.C of this IA and that all records furnished to the IRO are accurate and complete.

E. IRO Independence and Objectivity

The IRO must perform each Quarterly Claims Review in a professionally independent and objective fashion, as defined in the most recent Government Auditing Standards issued by the U.S. Government Accountability Office.
F. IRO Removal/Termination

1. Lan Apothecary and IRO. If Lan Apothecary terminates its IRO or if the IRO withdraws from the engagement during the term of the IA, Lan Apothecary must submit a notice explaining (a) its reasons for termination of the IRO or (b) the IRO’s reasons for its withdrawal to OIG no later than 30 days after termination or withdrawal. Lan Apothecary must engage a new IRO in accordance with Paragraph A of this Appendix and within 60 days of termination or withdrawal of the IRO.

2. OIG Removal of IRO. In the event OIG has reason to believe the IRO does not possess the qualifications described in Paragraph B, is not independent and objective as set forth in Paragraph E, or has failed to carry out its responsibilities as described in Paragraph C, OIG shall notify Lan Apothecary in writing regarding OIG’s basis for determining that the IRO has not met the requirements of this Appendix. Lan Apothecary shall have 30 days from the date of OIG’s written notice to provide information regarding the IRO’s qualifications, independence or performance of its responsibilities in order to resolve the concerns identified by OIG. If, following OIG’s review of any information provided by Lan Apothecary regarding its IRO, OIG determines that the IRO has not met the requirements of this Appendix, OIG shall notify Lan Apothecary in writing that Lan Apothecary shall be required to engage a new IRO in accordance with Paragraph A of this Appendix. Lan Apothecary must engage a new IRO within 60 days of receipt of OIG’s written notice. The final determination as to whether or not to require Lan Apothecary to engage a new IRO shall be made at the sole discretion of OIG.
APPENDIX B
PHARMACY QUARTERLY CLAIMS REVIEW

A. Quarterly Claims Review. The IRO shall conduct a review of Lan Apothecary’s claims submitted to and reimbursed by the Medicare and Medicaid programs, to determine whether: (1) the prescription drugs furnished by Lan Apothecary were dispensed according to a valid prescription, (2) Lan Apothecary maintained appropriate documentation of a valid prescription for each drug dispensed (including any refills of such drug), and (3) whether the claims were correctly submitted and reimbursed, for each three-month period during the term of this IA (Quarterly Claims Review) and prepare a report for each Quarterly Claims Review performed. The first three-month period shall begin 30 days following the Effective Date of this IA.

1. Definitions. For the purposes of this Appendix B, the following definitions shall be used:

   a. Overpayment: The amount of money Lan Apothecary has received in excess of the amount due and payable under Medicare or any state Medicaid program requirements, as determined by the IRO in connection with the Claims Review performed under this Appendix B.

   b. Paid Claim: A claim for a prescription drug furnished by Lan Apothecary and submitted by Lan Apothecary and for which Lan Apothecary has received reimbursement from the Medicare program or a state Medicaid program.

   c. Population: The Population shall be defined as all Paid Claims during the three-month period covered by the Quarterly Claims Review.

2. Quarterly Claims Sample.

   a. Within 15 days following the end of each three-month period during the term of the IA, the IRO shall randomly select a sample of 30 Paid Claims submitted by or on behalf of Lan Apothecary during the preceding three-month period (Quarterly Claims Sample). The sample must be selected through the use of OIG’s Office of Audit Services’ Statistical Sampling Software, also known as RAT-STATS, which is currently available at https://oig.hhs.gov/compliance/rat-stats/index.asp.
b. Lan Apothecary shall provide the IRO with a list of all Lan
Apothecary’s Paid Claims for the three-month period covered by the
Quarterly Claims Sample. The IRO should number each Paid Claim
in the Population sequentially prior to generating the random
numbers used to select the Quarterly Claims Sample. The IRO
should generate 30 random numbers using RAT-STATS and then
use the random numbers to identify the 30 Paid Claims in the
Population that will be subject to review by the IRO.

c. The randomly selected 30 Paid Claims shall be reviewed by the IRO
based on the supporting documentation available at Lan
Apothecary’s location or under Lan Apothecary’s control and
applicable Medicare and state Medicaid program requirements and
applicable State Board of Pharmacy requirements to determine
whether (i) each prescription drug furnished was dispensed
according to a valid prescription, (ii) Lan Apothecary maintained
appropriate documentation of a valid prescription for each
prescription drug dispensed (including any refills), (iii) any prior
authorization required by the payor was obtained, (iv) all cost
sharing amounts were collected or waived in accordance with
applicable payor requirements, and (v) the claim was correctly
submitted and reimbursed.

d. The IRO shall prepare a written report of its findings from the
Quarterly Claims Sample, as described in Section C below
(Quarterly Claims Review Report). The Quarterly Claims Review
Report shall be submitted to the OIG within 60 days following the
end of the three-month period covered by each Quarterly Claims
Review.

3. Repayment of Identified Overpayments. Lan Apothecary shall repay within
60 days any Overpayments identified by the IRO in the Quarterly Claims Sample, in
accordance with the requirements of 42 U.S.C. § 1320a-7k(d) and any applicable
regulations and Centers for Medicare and Medicaid Services (CMS) guidance (the “CMS
overpayment rule”). If Lan Apothecary determines that the CMS overpayment rule
requires that an extrapolated Overpayment be repaid, Lan Apothecary shall repay that
amount at the mean point estimate as calculated by the IRO. Lan Apothecary shall make
available to OIG all documentation that reflects the refund of the Overpayment(s) to the
payor. OIG, in its sole discretion, may refer the findings of the Quarterly Claims Review
Sample (and any related work papers) received from Lan Apothecary to the appropriate
Medicare or state Medicaid program contractor for appropriate follow up by that payor.

   b. Source of Data. A description of (1) the process used to identify claims in the Population, and (2) the specific documentation relied upon by the IRO when performing the Quarterly Claims Review (e.g., electronic or hard copy prescriptions, physician orders, State pharmacy laws or regulations regarding the dispensing and handling of prescription drugs, certificates of medical necessity, requisition forms, local medical review policies (including title and policy number), CMS program memoranda (including title and issuance number), and Medicare contractor or State Medicaid program manuals or bulletins (including issue and date), other policies, regulations, or directives).
   c. Review Protocol. A narrative description of how the Quarterly Claims Review was conducted and what was evaluated.
   d. Supplemental Materials. The IRO shall request all documentation and materials required for its review of the Paid Claims in each Quarterly Claims Sample and Lan Apothecary shall furnish such documentation and materials to the IRO, prior to the IRO initiating its review of the Quarterly Claims Sample. If the IRO accepts any supplemental documentation or materials from Lan Apothecary after the IRO has completed its initial review of the Quarterly Claims Sample (Supplemental Materials), the IRO shall identify in the Quarterly Claims Review Report the Supplemental Materials, the date the Supplemental Materials were accepted, and the relative weight the IRO gave to the Supplemental Materials in its review. In addition, the IRO shall include a narrative in the Quarterly Claims Review Report describing the process by which the Supplemental Materials were accepted and the IRO’s reasons for accepting the Supplemental Materials.
2. **Statistical Sampling Documentation.** A copy of the printout of the random numbers generated by the “Random Numbers” function of RAT-STATS used by the IRO to select the Quarterly Claims Sample.

3. **Claims Review Findings.**

   a. **Narrative Results.**

      i. For the first Quarterly Claims Review Report only, a description of (a) Lan Apothecary’s claim submission system(s), including the identification, by position description, of the personnel involved in claim submission, and (b) a description of controls in place to ensure that all prescription drugs billed to Medicare or a state Medicaid program by Provider are dispensed and billed in accordance with a valid prescription, that documentation of the prescription (including any refills) is maintained, and that the claims are correctly submitted and reimbursed including compliance with any prior authorization requirements and requirements relating to the collection or appropriate waiver of cost-sharing amounts. Subsequent Quarterly Claims Review Reports should describe any significant changes to items (a) and (b) or, if no significant changes were made, state that the systems and controls remain the same as described in the prior Quarterly Claims Review Report.

      ii. A narrative explanation of the results of the Quarterly Claims Sample, including reasons for errors, patterns noted, etc.

   b. **Quantitative Results.**

      i. Total number and percentage of instances in which the IRO determined that the Paid Claims submitted by Lan Apothecary were not supported by valid prescriptions or did not otherwise meet all Medicare and State Medicaid program requirements (including but not limited to any prior authorization requirements) and in which such errors resulted in an Overpayment to Provider.

      ii. Total number and percentage of instances in which the IRO determined that Lan Apothecary failed to collect or inappropriately waived any cost-sharing amounts.
iii. Total dollar amount of all Overpayments in the Quarterly Claims Review Sample.

v. Total dollar amount of Paid Claims included in the Quarterly Claims Review Sample.

vi. Error Rate in the Quarterly Claims Review Sample. The Error Rate shall be calculated by dividing the Overpayment in the Quarterly Claims Review Sample by the total dollar amount associated with the Paid Claims in the Quarterly Claims Review Sample.

vii. An estimate of the actual Overpayment in the Population at the mean point estimate.

viii. A spreadsheet of the Quarterly Claims Sample results that includes the following information for each Paid Claim: Federal health care program billed, beneficiary health insurance claim number, prescription fill date, National Drug Code (NDC) submitted, quantity prescribed, quantity dispensed, quantity billed, amount reimbursed by payor, correct amount reimbursed (as determined by IRO), and any dollar difference between the amount reimbursed by the payor and the correct amount reimbursed (as determined by the IRO).

c. Recommendations. The IRO’s report shall include any recommendations for improvements to Lan Apothecary’s claim submission system(s) or to Lan Apothecary’s controls for ensuring that all prescription drugs billed to Medicare or a state Medicaid program are dispensed and billed in accordance with a valid prescription and otherwise meet all Medicare and state Medicaid program requirements, including any preauthorization requirements and requirements relating to the collection of cost-sharing amounts, that documentation of the prescription (including any refills) is maintained, and that the claims are correctly submitted and reimbursed, based on the findings of the Quarterly Claims Review.

C. Other Requirements. The following requirements apply to any Quarterly Claims Review performed pursuant to this Appendix B.

1. Paid Claims without Supporting Documentation. Any Paid Claim for which Lan Apothecary cannot produce documentation shall be considered an error and the total reimbursement received by Lan Apothecary for such Paid Claim shall be deemed an Overpayment. Replacement sampling for Paid Claims with missing documentation is not permitted.

2. Use of First Samples Drawn. For the purposes of all samples discussed in this Appendix, the Paid Claims selected in each first sample shall be used (i.e., it is not permissible to generate more than one list of random samples and then select one for use with the sample).
APPENDIX C
QUARTERLY DRUG INVENTORY REVIEW

A. Quarterly Drug Inventory Review. The IRO shall conduct a review of Lan Apothecary’s prescription drug inventory, to determine the accuracy of the inventory and whether the prescription drug inventory test count results match the amount of prescription drugs purchased from vendors, dispensed to Medicare beneficiaries or any state Medicaid recipients, and billed to Medicare or any state Medicaid program for each three-month period during the term of this IA (Quarterly Drug Inventory Review) and shall prepare a Quarterly Drug Inventory Review Report, as outlined in Appendix B to this IA. The first three-month period for purposes of the Quarterly Drug Inventory Review requirement shall begin 30 days after the Effective Date.

   b. **Drug Population:** The Drug Population shall be defined as all prescription drugs in Lan Apothecary’s inventory for which Lan Apothecary has received reimbursement from the Medicare program or a state Medicaid program during the three-month period covered by the Quarterly Drug Inventory Review.

2. **Quarterly Drug Inventory Sample.**

   a. Within 15 days following the end of each three-month period during the term of the IA, the IRO shall randomly select a sample of 30 prescription drugs for which Lan Apothecary has received reimbursement from the Medicare program or any state Medicaid program during the preceding three-month period (Quarterly Drug Inventory Sample). The sample must be selected through the use of OIG’s Office of Audit Services’ Statistical Sampling Software, also known as RAT-STATS, which is currently available at https://oig.hhs.gov/compliance/rat-stats/index.asp.
b. Lan Apothecary shall provide the IRO with a list of all of prescription drugs in Lan Apothecary’s inventory for the three-month period covered by the Quarterly Drug Inventory Sample. The IRO should number each prescription drug in the Drug Population sequentially prior to generating the random numbers used to select the Quarterly Drug Inventory Sample. The IRO should generate 30 random numbers using RAT-STATS and then use the random numbers to identify the 30 prescription drugs in the Drug Population that will be subject to review by the IRO.

c. The randomly selected 30 prescription drugs shall be test counted by the IRO and the IRO shall compare the test count results with supporting documentation, including, but not limited to, vendor invoices, order reports, inventory records, dispensing records, billing and claims data, and any related transaction and sales data for each selected prescription drug, available at Lan Apothecary’s office or under Lan Apothecary’s control to determine the accuracy of the inventory and whether the prescription drug inventory test count results match the amount of prescription drugs purchased from vendors, dispensed to Medicare beneficiaries or any state Medicaid recipients, and billed to Medicare or any state Medicaid program.

d. The IRO shall prepare a written report of its findings from the Quarterly Drug Inventory Sample, as described in Section E below (Quarterly Drug Inventory Review Report). The Quarterly Drug Inventory Review Report shall be submitted to OIG within 60 days following the end of the three-month period covered by each Quarterly Claims Review.

If Lan Apothecary determines that the CMS overpayment rule requires that an extrapolated Overpayment be repaid, Lan Apothecary shall repay that amount at the mean point estimate as calculated by the IRO. Lan Apothecary shall make available to OIG all documentation that reflects the refund of the Overpayment(s) to the payor. OIG, in its sole discretion, may refer the findings of the Quarterly Claims Review Sample (and any related work papers) received from Lan Apothecary to the appropriate Medicare or state Medicaid program contractor for appropriate follow up by that payor.
B. **Drug Inventory Review Report.** The IRO shall prepare a Drug Inventory Review Report for each Quarterly Drug Inventory Review performed (Quarterly Drug Inventory Review Report). The following information shall be included in each Quarterly Drug Inventory Review Report.

   b. **Source of Data.** A description of (1) the process used to identify prescription drugs in the Drug Population, and (2) the specific documentation relied upon by the IRO when performing the Quarterly Drug Inventory Review (e.g., vendor invoices; order reports; inventory records; dispensing records; billing and claims data; any related transaction and sales data for each selected prescription drug; medical records; CMS program memoranda (including title and issuance number); Medicare contractor manual or bulletins (including issue and date); federal or state statues, regulations, or written directives relating to the management and accountability of prescription drugs; other policies, regulations, or directives).

If the IRO accepts any supplemental documentation or materials from Lan Apothecary after the IRO has completed its initial review of the Quarterly Drug Inventory Sample (Supplemental Materials), the IRO shall identify in the Quarterly Drug Inventory Review Report the Supplemental Materials, the date the Supplemental Materials were accepted, and the relative weight the IRO gave to the Supplemental Materials in its review. In addition, the IRO shall include a narrative in the Quarterly Drug Inventory Review Report describing the process by which the Supplemental Materials were accepted and the IRO’s reasons for accepting the Supplemental Materials.

Replacement sampling for prescription drugs in the Drug Population with missing documentation is not permitted.

2. **Use of First Samples Drawn.** For the purposes of all samples for the Quarterly Drug Inventory Review discussed in this Appendix, the prescription drugs selected in each first sample shall be used (i.e., it is not permissible to generate more than one list of random samples and then select one for use with the sample).
