INTEGRITY AGREEMENT
BETWEEN THE
OFFICE OF INSPECTOR GENERAL
OF THE
DEPARTMENT OF HEALTH AND HUMAN SERVICES
AND
PARVEEN KHANNA, M.D.

I. PREAMBLE

Parveen Khanna, M.D. (Khanna) hereby enters into this Integrity Agreement (IA) with the Office of Inspector General (OIG) of the United States Department of Health and Human Services (HHS) to promote compliance with the statutes, regulations, and written directives of Medicare, Medicaid, and all other Federal health care programs (as defined in 42 U.S.C. § 1320a-7b(f)) (Federal health care program requirements). Contemporaneously with this IA, Khanna is entering into a Settlement Agreement with the United States.

II. TERM AND SCOPE OF THE IA

A. This IA shall have a term of three years from the Effective Date. The Effective Date shall be the date on which the final signatory signs this IA. Each one-year period, beginning with the one-year period following the Effective Date, shall be referred to as a “Reporting Period.”

B. Sections VII, X, and XI shall expire no later than 120 days after OIG’s receipt of: (1) Khanna’s final annual report; or (2) any additional materials submitted by Khanna pursuant to OIG’s request, whichever is later.

C. The term “Covered Persons” includes:

1. Khanna and all employees of Khanna; and

2. all contractors, agents, and other persons who furnish patient care items or services or who perform billing or coding functions on behalf of Khanna. (The employees of any third party billing company that submits claims to the Federal health care programs on behalf of Khanna shall not be considered Covered Persons, provided that Khanna and the third party billing company provide the certifications required by Section III.H).
III. INTEGRITY OBLIGATIONS

Khanna shall establish and maintain a Compliance Program that includes the following elements:

A. Posting of Notice

Within 60 days after the Effective Date, Khanna shall post in a prominent place accessible to all patients and Covered Persons a notice that provides the HHS OIG Fraud Hotline telephone number (1-800-HHS-TIPS) as a confidential means by which suspected fraud or abuse in the Federal health care programs may be reported.

B. Training and Education

1. Covered Persons Training. All Covered Persons shall receive at least three hours of training during the first Reporting Period. Training may be completed in-person or online. These training requirements may be satisfied only by the completion of courses provided by the Centers for Medicare & Medicaid Services (CMS) Medicare Learning Network (MLN), Khanna’s Medicare contractor, or other training courses that are submitted to OIG, prior to registration for the training course, for review and approval.

At a minimum, the required training sessions must include the following topics:

   a. the Federal health care program billing, coding and claim submission statutes, regulations, and program requirements and directives relating to the items or services furnished by Khanna;

   b. the Federal health care program medical record documentation requirements relating to items or services furnished by Khanna; and

   c. the personal obligation of each individual involved in the medical record documentation and claim submission processes to ensure that medical records and claims are accurate.

New Covered Persons shall receive at least three hours of training within 90 days after becoming a Covered Person.
The OIG may, in its discretion, require that Khanna or all Covered Persons complete additional hours of training regarding the topics identified above, or additional topics, in the second or third years of the IA. The OIG shall provide notice to Khanna of such additional required training at least 180 days prior to the required completion date for such training.

2. **Training Records.** Khanna shall maintain written documentation (e.g., written or electronic certificates of completion from the training provider) that all Covered Persons required to receive training have in fact completed such training. The documentation shall specify the type of training received, the individual who completed the training, and the date received.

C. **Prescription Tracking System**

1. **Definition.** For purposes of this IA, “Prescriptions” refers to all new and renewal prescriptions written or ordered by Khanna, and medications directly administered or dispensed by Khanna.

2. **Prescription Tracking System.**

   a. Within 90 days after the Effective Date, Khanna shall create and maintain a centralized tracking system for Prescriptions (Prescription Tracking System), as well as policies and procedures for accurately and timely populating the Prescription Tracking System.

   b. The Prescription Tracking System shall capture the following information for each Prescription: patient name, patient date of birth, date of prescription, medication prescribed and/or administered or dispensed, medication dosage, and indication for which medication is prescribed, administered or dispensed.

D. **Review Procedures**

1. **General Description.**

   a. **Engagement of Independent Review Organization.** Within 60 days after the Effective Date, Khanna shall engage an
individual or entity, such as an accounting, auditing, or consulting firm (hereinafter “Independent Review Organization” or “IRO”), to perform the reviews listed in this Section III.D. The applicable requirements relating to the IRO are outlined in Appendix A to this IA, which is incorporated by reference.

b. **Retention of Records.** The IRO and Khanna shall retain and make available to OIG, upon request, all work papers, supporting documentation, correspondence, and draft reports (those exchanged between the IRO and Khanna) related to the reviews.

c. **Access to Records and Personnel.** Khanna shall ensure that the IRO has access to all records and personnel necessary to complete the reviews listed in this Section III.D and that all records furnished to the IRO are accurate and complete.

2. **Claims Review.** The IRO shall conduct a review of Khanna’s claims submitted to and reimbursed by the Medicare and TRICARE programs, to determine whether the items and services furnished were medically necessary and appropriately documented, and whether the claims were correctly coded, submitted, and reimbursed for each three-month period during the term of this IA (Quarterly Claims Review) and shall prepare a Quarterly Claims Review Report, as outlined in Appendix B to this IA, which is incorporated by reference. The first three-month period for purposes of the Quarterly Claims Review requirement shall begin 30 days after the Effective Date. Each Quarterly Claims Review Report shall be submitted to OIG within 60 days following the end of the three-month period covered by the Quarterly Claims Review.

3. **Prescription Review.** The IRO shall perform an annual review of Prescriptions tracked in the Prescription Tracking System, to determine whether the Prescriptions were medically necessary and appropriately prescribed for the specified indication and whether the entry for the Prescription in the Prescription Tracking System included all the information required by Section III.C of this IA (Prescription Review) and shall prepare a Prescription Review Report as outlined in Appendix B to this IA, which is incorporated by reference.

4. **Independence and Objectivity Certification.** Prior to performing the first Quarterly Claims Review and Prescription Review, and annually thereafter, the IRO shall submit to Khanna a certification that the IRO has (a) evaluated its professional
independence and objectivity with respect to the reviews required under this Section III.D and (b) concluded that it is, in fact, independent and objective, in accordance with the requirements specified in Appendix A to this IA. The IRO’s certification shall include a summary of all current and prior engagements between Khanna and the IRO.

E. Ineligible Persons

1. Definitions. For purposes of this IA:

   a. an “Ineligible Person” shall include an individual or entity who:

      i. is currently excluded from participation in any Federal health care program; or

      ii. has been convicted of (a) a criminal offense that is related to the delivery of an item or service under Medicare or any state health care program; (b) a criminal offense relating to neglect or abuse of patients; (c) a felony criminal offense relating to fraud, theft, embezzlement, breach of fiduciary responsibility, or other financial misconduct in connection with the delivery of a health care item or service or with respect to a government funded health care program (other than Medicare or a state health care program); or (d) a felony criminal offense relating to the unlawful manufacture, distribution, prescription or dispensing of a controlled substance, but has not yet been excluded, debarred, suspended, or otherwise declared ineligible.

2. Screening Requirements. Khanna shall ensure that all prospective and current Covered Persons are not Ineligible Persons, by implementing the following screening requirements.
a. Khanna shall screen all prospective Covered Persons against the Exclusion List prior to engaging their services and, as part of the hiring or contracting process, shall require such Covered Persons to disclose whether they are Ineligible Persons.

b. Khanna shall screen all current Covered Persons against the Exclusion List within 30 days after the Effective Date and on a monthly basis thereafter.

c. Khanna shall require all Covered Persons to disclose immediately if they become an Ineligible Person.

Khanna shall maintain documentation (i.e., a print screen of the search results) in order to demonstrate that Khanna: (1) has checked the Exclusion List and determined that all Covered Persons are not Ineligible Persons; and (2) has required all Covered Persons to disclose if they are an Ineligible Person.

Nothing in this Section III.E affects Khanna’s responsibility to refrain from (and liability for) billing Federal health care programs for items or services furnished, ordered, or prescribed by an excluded person. Khanna understands that items or services furnished by excluded persons are not payable by Federal health care programs and that Khanna may be liable for overpayments and/or criminal, civil, and administrative sanctions for employing or contracting with an excluded person regardless of whether Khanna meets the requirements of Section III.E.

3. Removal Requirement. If Khanna has actual notice that a Covered Person has become an Ineligible Person, Khanna shall remove such Covered Person from responsibility for, or involvement with, Khanna’s business operations related to the Federal health care program(s) from which such Covered Person has been excluded and shall remove such Covered Person from any position for which the Covered Person’s compensation or the items or services furnished, ordered, or prescribed by the Covered Person are paid in whole or part, directly or indirectly, by any Federal health care program(s) from which the Covered Person has been excluded at least until such time as the Covered Person is reinstated into participation in such Federal health care program(s).

4. Pending Charges and Proposed Exclusions. If Khanna has actual notice that a Covered Person is charged with a criminal offense that falls within the scope of 42 U.S.C. §§ 1320a-7(a), 1320a-7(b)(1)-(3), or is proposed for exclusion during the Covered Person’s employment or contract term, Khanna shall take all appropriate actions
to ensure that the responsibilities of that Covered Person have not and shall not adversely affect the quality of care rendered to any beneficiary or the accuracy of any claims submitted to any Federal health care program.

F. Notification of Government Investigation or Legal Proceeding

Within 30 days after discovery, Khanna shall notify OIG, in writing, of any ongoing investigation or legal proceeding known to Khanna conducted or brought by a governmental entity or its agents involving an allegation that Khanna has committed a crime or has engaged in fraudulent activities. This notification shall include a description of the allegation, the identity of the investigating or prosecuting agency, and the status of such investigation or legal proceeding. Khanna shall also provide written notice to OIG within 30 days after the resolution of the matter and shall provide OIG with a description of the findings and/or results of the investigation or proceeding, if any.

G. Overpayments

1. Definition of Overpayments. An “Overpayment” means any funds that Khanna receives or retains under any Federal health care program to which Khanna, after applicable reconciliation, is not entitled under such Federal health care program.

2. Repayment of Overpayments. If, at any time, Khanna identifies any Overpayment, Khanna shall repay the Overpayment to the appropriate payor (e.g., Medicare contractor) in accordance with 42 U.S.C. § 1320a-7k(d) and any applicable regulations and guidance from the Centers for Medicare and Medicaid Services (CMS). Khanna should follow the payor’s policies regarding the form of notification and the repayment process for any Overpayment refunds. Any questions regarding the repayment process should be directed to the payor.

H. Reportable Events

1. Definition of Reportable Event. For purposes of this IA, a “Reportable Event” means anything that involves:

   a. a substantial Overpayment;

   b. a matter that a reasonable person would consider a probable violation of criminal, civil, or administrative laws applicable to any Federal health care program for which penalties or exclusion may be authorized;
2. Reporting of Reportable Events. If Khanna determines (after a reasonable opportunity to conduct an appropriate review or investigation of the allegations) through any means that there is a Reportable Event, Khanna shall notify OIG, in writing, within 30 days after making the determination that the Reportable Event exists.

3. Reportable Events under Section III.H.1.a and III.H.1.b. For Reportable Events under Section III.H.1.a and b, the report to OIG shall include:

   a. a complete description of all details relevant to the Reportable Event, including, at a minimum, the types of claims, transactions or other conduct giving rise to the Reportable Event; the period during which the conduct occurred; and the names of entities and individuals believed to be implicated, including an explanation of their roles in the Reportable Event;

   b. a statement of the Federal criminal, civil or administrative laws that are probably violated by the Reportable Event, if any;

   c. the Federal health care programs affected by the Reportable Event;

   d. a description of the steps taken by Khanna to identify and quantify any Overpayments; and

   d. a description of Khanna’s actions taken to correct the Reportable Event and prevent it from recurring.

   If the Reportable Event involves an Overpayment, within 60 days of identification of the Overpayment, Khanna shall repay the Overpayment, in accordance with the
requirements of 42 U.S.C. § 1320a-7k(d) and any applicable regulations and CMS guidance and provide OIG with a copy of the notification and repayment.

4. **Reportable Events under Section III.H.1.c.** For Reportable Events under Section III.H.1.c, the report to OIG shall include:
   
a. the identity of the Ineligible Person and the job duties performed by that individual;
   
b. the dates of the Ineligible Person’s employment or contractual relationship;
   
c. a description of the Exclusion List screening that Khanna completed before and/or during the Ineligible Person’s employment or contract and any flaw or breakdown in the screening process that led to the hiring or contracting with the Ineligible Person;
   
d. a description of how the Ineligible Person was identified; and
   
e. a description of any corrective action implemented to prevent future employment or contracting with an Ineligible Person.

5. **Reportable Events under Section III.H.1.d.** If the Reportable Event involves the filing of a bankruptcy petition, the report to the OIG shall include documentation of the bankruptcy filing and a description of any Federal health care program requirements implicated.

6. **Reportable Events Involving the Stark Law.** Notwithstanding the reporting requirements outlined above, any Reportable Event that involves solely a probable violation of section 1877 of the Social Security Act, 42 U.S.C. §1395nn (the Stark Law) should be submitted by Khanna to CMS through the self-referral disclosure protocol (SRDP), with a copy to the OIG. If Khanna identifies a probable violation of the Stark Law and repays the applicable Overpayment directly to the CMS contractor, then Khanna is not required by this Section III.G to submit the Reportable Event to CMS through the SRDP.
I. Third Party Billing

If, prior to the Effective Date or at any time during the term of this IA Khanna contracts with a third party billing company to submit claims to the Federal health care programs on behalf of Khanna, Khanna must certify to OIG that [he, she or it] does not have an ownership or control interest (as defined in 42 U.S.C. § 1320a-3(a)(3)) in the third party billing company and is not employed by, and does not act as a consultant to, the third party billing company.

Khanna also shall obtain (as applicable) a certification from any third party billing company that the company: (i) has a policy of not employing any person who is excluded from participation in any Federal health care program to perform any duties related directly or indirectly to the preparation or submission of claims to Federal health care programs; (ii) screens prospective and current employees against the Exclusion List; and (iii) provides training in the applicable requirements of the Federal health care programs to those employees involved in the preparation and submission of claims to Federal health care programs.

If applicable, a copy of these certifications shall be included in Khanna’s Implementation Report and each Annual Report required by Section V below.

IV. SUCCESSOR LIABILITY; CHANGES TO LOCATIONS OR BUSINESS; NEW EMPLOYMENT OR CONTRACTUAL ARRANGEMENT

A. Sales or Purchase of a Location or Business

In the event that, after the Effective Date, Khanna proposes to (a) sell any or all of her locations or businesses that are subject to this IA (whether through a sale of assets, a sale of stock, or other type of transaction), or (b) purchase or establish a new location or business related to the furnishing of items or services that may be reimbursed by any Federal health care program, the IA shall be binding on the purchaser of any such location or business and any new location or business (and all Covered Persons at each new location or business) shall be subject to the requirements of this IA, unless otherwise determined and agreed to in writing by OIG. Khanna shall give notice of such sale or purchase to OIG within 30 days following the closing of the transaction.

If, in advance of a proposed sale or proposed purchase, Khanna wishes to obtain a determination by OIG that the proposed purchaser or the proposed acquisition will not be subject to the requirements of the IA, Khanna must notify OIG in writing of the proposed sale or purchase at least 30 days in advance. This notification shall include a description
of the location or business to be sold or purchased, a brief description of the terms of the
transaction and, in the case of a proposed sale, the name and contact information of the
proposed purchaser.

B.  New Employment or Contractual Arrangement

At least 30 days prior to Khanna becoming an employee or contractor with another
party related to the furnishing of items or services that may be reimbursed by any Federal
health care program, Khanna shall notify OIG of her plan to become an employee or
contractor and must provide OIG with the name, location, status (employee or contractor)
and an explanation of Khanna’s responsibilities with respect to such potential employer
or contractor. In addition, prior to Khanna becoming an employee or contractor with
another party related to the furnishing of items or services that may be reimbursed by any
Federal health care program, Khanna shall notify that party of this IA. This notification
shall include a copy of the IA and a statement indicating the remaining term of the IA.
The IA shall continue to apply to Khanna following the start of the new employment or
contractual relationship, unless otherwise agreed to in writing by the OIG.

V. IMPLEMENTATION REPORT, IRO REPORTS AND ANNUAL
REPORTS

A.  Implementation Report

Within 90 days after the Effective Date, Khanna shall submit a written report to
OIG summarizing the status of her implementation of the requirements of this IA
(Implementation Report). The Implementation Report shall, at a minimum, include:

1. a copy of the notice required by Section III.A, a description of where
   the notice is posted, and the date the notice was posted;

2. a description of the Prescription Tracking System required by
   Section III.C;

3. the following information regarding the IRO: (a) identity, address,
   and phone number; (b) a copy of the engagement letter; (c) information to demonstrate
   that the IRO has the qualifications outlined in Appendix A to this IA; and (d) a
   certification from the IRO regarding its professional independence and objectivity with
   respect to Khanna that includes a summary of all current and prior engagements between
   Khanna and the IRO;
4. A copy of the search result print screens demonstrating that Khanna has screened all Covered Persons against the Exclusion List, as required by Section III.E, within 30 days of the Effective Date;

5. A copy of any certifications from Khanna and the third-party billing company required by Section III.I (if applicable);

6. A list of all of Khanna’s locations (including locations and mailing addresses), the corresponding name under which each location is doing business, and each location’s Medicare and TRICARE program provider number(s), and/or supplier number(s); and

7. A certification by Khanna that: (a) she has reviewed the IA in its entirety, understands the requirements described within, and maintains a copy for reference; (b) to the best of her knowledge, except as otherwise described in the Implementation Report, Khanna is in compliance with all of the requirements of this IA; (c) she has reviewed the Implementation Report and has made a reasonable inquiry regarding its content and believes that the information is accurate and truthful; and (d) she understands that the certification is being provided to and relied upon by the United States.

B. Quarterly Claims Review Reports

Within 60 days following the end of each three-month period during the term of this IA, Khanna shall provide to OIG a copy of the Quarterly Claims Review Report prepared by the IRO for each Quarterly Claims Review performed, along with Khanna’s response and corrective action plan related to any recommendations made by the IRO, including Khanna’s determination of whether the CMS overpayment rule requires the repayment of an extrapolated Overpayment (as defined in Appendix B), in the Quarterly Claims Review Report. Each Quarterly Claims Review Report shall include the information specified in Appendix B to this IA.

C. Annual Reports

Khanna shall submit to OIG a report on her compliance with the IA requirements for each of the three Reporting Periods (Annual Report). Each Annual Report shall, at a minimum, include:

1. (in the first Annual Report) the following information regarding the training required by Section III.B during the first reporting period (and any additional
hours of training required for the second and third reporting periods): a copy of the training program registration for each Covered Person who completed the training, the name of the training course, the name of the entity that provided the training, the location, date and length of the training; and a training program brochure or other materials from the training program or training program sponsor that describe the content of the training program. A copy of all training materials shall be made available to OIG upon request;

2. a certification from the IRO regarding its professional independence and objectivity with respect to Khanna, including a summary of all current and prior engagements between Khanna and the IRO;

3. a copy of the Prescription Review Report prepared by the IRO pursuant to Section III.D.3, along with Khanna’s response and corrective action plan(s) related to any issues raised by the report;

4. a copy of the search result print screens demonstrating that Khanna screened all prospective and current Covered Persons against the Exclusion List, as required by Section III.E;

5. a summary describing any ongoing investigation or legal proceeding required to have been reported pursuant to Section III.F. The summary shall include a description of the allegation, the identity of the investigating or prosecuting agency, and the status of such investigation or legal proceeding;

6. a report of the aggregate Overpayments that have been returned to the Federal health care programs during the Reporting Period. Overpayment amounts shall be broken down into the following categories: Medicare, TRICARE, and other Federal health care programs;

7. a summary of Reportable Events (as defined in Section III.H) identified during the Reporting Period;

8. a copy of any certifications from Khanna and the third-party billing company required by Section III.I (if applicable);

9. a summary of any audits conducted during the applicable Reporting Period by any Medicare or TRICARE program contractor or any government entity or contractor, involving a review of Federal health care program claims, and Khanna’s response/corrective action plan (including information regarding any Federal health care program refunds) relating to the audit findings;
10. a description of all changes to the most recently provided list of Khanna’s locations (including addresses) as required by Section V.A.5; and

11. a certification signed by Khanna that: (a) she has reviewed the IA in its entirety, understands the requirements described within, and maintains a copy for reference; (b) to the best of her knowledge, except as otherwise described in the Annual Report, Khanna is in compliance with all of the requirements of this IA; (c) she has reviewed the Annual Report and has made a reasonable inquiry regarding its content and believes that the information is accurate and truthful; and (d) she understands that the certification is being provided to and relied upon by the United States.

The first Annual Report shall be received by OIG no later than 60 days after the end of the first Reporting Period. Subsequent Annual Reports shall be received by OIG no later than the anniversary date of the due date of the first Annual Report.

D. Designation of Information

Khanna shall clearly identify any portions of her submissions that she believes are trade secrets, or information that is commercial or financial and privileged or confidential, and therefore potentially exempt from disclosure under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. Khanna shall refrain from identifying any information as exempt from disclosure if that information does not meet the criteria for exemption from disclosure under FOIA.

VI. NOTIFICATIONS AND SUBMISSION OF REPORTS

Unless otherwise stated in writing after the Effective Date, all notifications and reports required under this IA shall be submitted to the following entities:

OIG:

Administrative and Civil Remedies Branch
Office of Counsel to the Inspector General
Office of Inspector General
U.S. Department of Health and Human Services
Cohen Building, Room 5527
330 Independence Avenue, SW
Washington, DC 20201
Telephone: (202) 619-2078
Facsimile: (202) 205-0604
Khanna:

Parveen Khanna, M.D.
Pain Medicine Physicians of Jacksonville
10250 Normandy Boulevard
Suite 703
Jacksonville, FL 32221
Phone: (904) 495-7200
Fax: (904) 495-7199
Email: drkhanna@pmpjax.com

Unless otherwise specified, all notifications and reports required by this IA may be made by electronic mail, overnight mail, hand delivery, or other means, provided that there is proof that such notification was received. Upon request by OIG, Khanna may be required to provide OIG with an additional copy of each notification or report required by this IA in OIG’s requested format (electronic or paper).

VII. OIG INSPECTION, AUDIT, AND REVIEW RIGHTS

In addition to any other rights OIG may have by statute, regulation, or contract, OIG or its duly authorized representative(s) may conduct interviews, examine or request copies of Khanna’s books, records, and other documents and supporting materials and/or conduct on-site reviews of any of Khanna’s locations for the purpose of verifying and evaluating: (a) Khanna’s compliance with the terms of this IA and (b) Khanna’s compliance with the requirements of the Federal health care programs. The documentation described above shall be made available by Khanna to OIG or its duly authorized representative(s) at all reasonable times for inspection, audit, and/or reproduction. Furthermore, for purposes of this provision, OIG or its duly authorized representative(s) may interview Khanna and any of Khanna’s employees or contractors who consent to be interviewed at the individual’s place of business during normal business hours or at such other place and time as may be mutually agreed upon between the individual and OIG. Khanna shall assist OIG or its duly authorized representative(s) in contacting and arranging interviews with such individuals upon OIG’s request. Khanna’s employees and contractors may elect to be interviewed with or without a representative of Khanna present.
VIII. DOCUMENT AND RECORD RETENTION

Khanna shall maintain for inspection all documents and records relating to reimbursement from the Federal health care programs and to compliance with this IA for four years (or longer if otherwise required by law) from the Effective Date.

IX. DISCLOSURES

Consistent with HHS’s FOIA procedures, set forth in 45 C.F.R. Part 5, OIG shall make a reasonable effort to notify Khanna prior to any release by OIG of information submitted by Khanna pursuant to her obligations under this IA and identified upon submission by Khanna as trade secrets, or information that is commercial or financial and privileged or confidential, under the FOIA rules. With respect to such releases, Khanna shall have the rights set forth at 45 C.F.R. § 5.42(a).

X. BREACH AND DEFAULT PROVISIONS

Khanna is expected to fully and timely comply with all of her IA obligations.

A. Stipulated Penalties for Failure to Comply with Certain Obligations

As a contractual remedy, Khanna and OIG hereby agree that failure to comply with certain obligations set forth in this IA may lead to the imposition of the following monetary penalties (hereinafter referred to as “Stipulated Penalties”) in accordance with the following provisions.

1. A Stipulated Penalty of $1,000 (which shall begin to accrue on the day after the date the obligation became due) per obligation for each day Khanna fails to establish, implement or comply with any of the following obligations as described in Section III:

   a. post a notice in accordance with the requirements of Section III.A;

   b. complete the training required for Khanna and Covered Persons and maintain training records, in accordance with the requirements of Section III.B;

   c. create and maintain a Prescription Tracking System, in accordance with the requirements of Section III.C;
d. screen Covered Persons in accordance with the requirements of Section III.E; require Covered Persons to disclose if they are excluded in accordance with the requirements of Section III.E; or maintain copies of print screens from search results to demonstrate the required screening has been performed in accordance with the requirements of Section III.E;

e. notify OIG of a government investigation or legal proceeding, in accordance with the requirements of Section III.F;

f. repay any Overpayments as required by Section III.G and Appendix B;

g. report a Reportable Event in accordance with Section III.H; or

h. provide to OIG the certifications required by Section III.I relating to any third party biller engaged by Khanna during the term of the IA.

2. A Stipulated Penalty of $1,500 (which shall begin to accrue on the day after the date the obligation became due) for each day Khanna fails to engage and use an IRO, as required by Section III.D, Appendix A, or Appendix B.

3. A Stipulated Penalty of $1,500 (which shall begin to accrue on the day after the date the obligation became due) for each day Khanna fails to timely submit (a) a complete Implementation Report or Annual Report, (b) a certification to OIG in accordance with the requirements of Section V, or (c) a complete response to any request for information from OIG.

4. A Stipulated Penalty of $1,500 (which shall begin to accrue on the day after the date the obligation became due) for each day Khanna fails to submit any Quarterly Claims Review Report or Prescription Review Report in accordance with the requirements of Section III.D and Appendix B or fails to repay any Overpayment identified by the IRO, as required by Appendix B.

5. A Stipulated Penalty of $1,000 for each day Khanna fails to grant access as required in Section VII. (This Stipulated Penalty shall begin to accrue on the date Khanna fails to grant access.)
6. A Stipulated Penalty of $50,000 for each false certification submitted by or on behalf of Khanna as part of its Implementation Report, any Annual Report, additional documentation to a report (as requested by OIG), or as otherwise required by this IA.

7. A Stipulated Penalty of $1,000 for each day Khanna fails to grant the IRO access to all records and personnel necessary to complete the reviews listed in Section III.D, and for each day Khanna fails to furnish accurate and complete records to the IRO, as required by Section III.D and Appendix A.

8. A Stipulated Penalty of $1,000 for each day Khanna fails to comply fully and adequately with any obligation of this IA. OIG shall provide notice to Khanna stating the specific grounds for its determination that Khanna has failed to comply fully and adequately with the IA obligation(s) at issue and steps the Khanna shall take to comply with the IA. (This Stipulated Penalty shall begin to accrue 10 days after the date Khanna receives this notice from OIG of the failure to comply.) A Stipulated Penalty as described in this Subsection shall not be demanded for any violation for which OIG has sought a Stipulated Penalty under Subsections 1-7 of this Section.

B. Timely Written Requests for Extensions

Khanna may, in advance of the due date, submit a timely written request for an extension of time to perform any act or file any notification or report required by this IA. Notwithstanding any other provision in this Section, if OIG grants the timely written request with respect to an act, notification, or report, Stipulated Penalties for failure to perform the act or file the notification or report shall not begin to accrue until one day after Khanna fails to meet the revised deadline set by OIG. Notwithstanding any other provision in this Section, if OIG denies such a timely written request, Stipulated Penalties for failure to perform the act or file the notification or report shall not begin to accrue until three business days after Khanna receives OIG’s written denial of such request or the original due date, whichever is later. A “timely written request” is defined as a request in writing received by OIG at least five business days prior to the date by which any act is due to be performed or any notification or report is due to be filed.

C. Payment of Stipulated Penalties

1. Demand Letter. Upon a finding that Khanna has failed to comply with any of the obligations described in Section X.A and after determining that Stipulated Penalties are appropriate, OIG shall notify Khanna of: (a) Khanna’s failure to comply;
and (b) OIG’s exercise of its contractual right to demand payment of the Stipulated Penalties. (This notification shall be referred to as the “Demand Letter.”)

2. **Response to Demand Letter.** Within 10 business days after the receipt of the Demand Letter, Khanna shall either: (a) cure the breach to OIG’s satisfaction and pay the applicable Stipulated Penalties; or (b) request a hearing before an HHS administrative law judge (ALJ) to dispute OIG’s determination of noncompliance, pursuant to the agreed upon provisions set forth below in Section X.E. In the event Khanna elects to request an ALJ hearing, the Stipulated Penalties shall continue to accrue until Khanna cures, to OIG’s satisfaction, the alleged breach in dispute. Failure to respond to the Demand Letter in one of these two manners within the allowed time period shall be considered a material breach of this IA and shall be grounds for exclusion under Section X.D.

3. **Form of Payment.** Payment of the Stipulated Penalties shall be made by electronic funds transfer to an account specified by OIG in the Demand Letter.

4. **Independence from Material Breach Determination.** Except as set forth in Section X.D.1.c, these provisions for payment of Stipulated Penalties shall not affect or otherwise set a standard for OIG’s decision that Khanna has materially breached this IA, which decision shall be made at OIG’s discretion and shall be governed by the provisions in Section X.D, below.

D. **Exclusion for Material Breach of this IA**

1. **Definition of Material Breach.** A material breach of this IA means:

   a. a failure by Khanna to report a Reportable Event, take corrective action, or make the appropriate refunds, as required in Section III.H;

   b. repeated violations or a flagrant violation of any of the obligations under this IA, including, but not limited to, the obligations addressed in Section X.A;

   c. a failure to respond to a Demand Letter concerning the payment of Stipulated Penalties in accordance with Section X.C; or
d. a failure to engage and use an IRO in accordance with Section III.D, Appendix A, or Appendix B.

2. Notice of Material Breach and Intent to Exclude. The parties agree that a material breach of this IA by Khanna constitutes an independent basis for Khanna’s exclusion from participation in the Federal health care programs. The length of the exclusion shall be in the OIG’s discretion, but not more than three years per material breach. Upon a determination by OIG that Khanna has materially breached this IA and that exclusion is the appropriate remedy, OIG shall notify Khanna of: (a) Khanna’s material breach; and (b) OIG’s intent to exercise its contractual right to impose exclusion. (This notification shall be referred to as the “Notice of Material Breach and Intent to Exclude.”)

3. Opportunity to Cure. Khanna shall have 30 days from the date of receipt of the Notice of Material Breach and Intent to Exclude to demonstrate that:

   a. the alleged material breach has been cured; or

   b. the alleged material breach cannot be cured within the 30 day period, but that: (i) Khanna has begun to take action to cure the material breach; (ii) Khanna is pursuing such action with due diligence; and (iii) Khanna has provided to OIG a reasonable timetable for curing the material breach.

4. Exclusion Letter. If, at the conclusion of the 30-day period, Khanna fails to satisfy the requirements of Section X.D.3, OIG may exclude Khanna from participation in the Federal health care programs. OIG shall notify Khanna in writing of its determination to exclude Khanna. (This letter shall be referred to as the “Exclusion Letter.”) Subject to the Dispute Resolution provisions in Section X.E, below, the exclusion shall go into effect 30 days after the date of Khanna’s receipt of the Exclusion Letter. The exclusion shall have national effect. Reinstatement to program participation is not automatic. At the end of the period of exclusion, Khanna may apply for reinstatement, by submitting a written request for reinstatement in accordance with the provisions at 42 C.F.R. §§ 1001.3001-.3004.

E. Dispute Resolution

1. Review Rights. Upon OIG’s delivery to Khanna of its Demand Letter or of its Exclusion Letter, and as an agreed-upon contractual remedy for the resolution of disputes arising under this IA, Khanna shall be afforded certain review
rights comparable to the ones that are provided in 42 U.S.C. § 1320a-7(f) and 42 C.F.R. Part 1005 as if they applied to the Stipulated Penalties or exclusion sought pursuant to this IA. Specifically, OIG’s determination to demand payment of Stipulated Penalties or to seek exclusion shall be subject to review by an HHS ALJ and, in the event of an appeal, the HHS Departmental Appeals Board (DAB), in a manner consistent with the provisions in 42 C.F.R. § 1005.2-1005.21. Notwithstanding the language in 42 C.F.R. § 1005.2(c), the request for a hearing involving Stipulated Penalties shall be made within 10 days after receipt of the Demand Letter and the request for a hearing involving exclusion shall be made within 25 days after receipt of the Exclusion Letter. The procedures relating to the filing of a request for a hearing can be found at http://www.hhs.gov/dab/divisions/civil/procedures/divisionprocedures.html.

2. **Stipulated Penalties Review.** Notwithstanding any provision of Title 42 of the United States Code or Title 42 of the Code of Federal Regulations, the only issues in a proceeding for Stipulated Penalties under this IA shall be: (a) whether Khanna was in full and timely compliance with the obligations of this IA for which OIG demands payment; and (b) the period of noncompliance. Khanna shall have the burden of proving its full and timely compliance and the steps taken to cure the noncompliance, if any. OIG shall not have the right to appeal to the DAB an adverse ALJ decision related to Stipulated Penalties. If the ALJ agrees with OIG with regard to a finding of a breach of this IA and orders Khanna to pay Stipulated Penalties, such Stipulated Penalties shall become due and payable 20 days after the ALJ issues such a decision unless Khanna requests review of the ALJ decision by the DAB. If the ALJ decision is properly appealed to the DAB and the DAB upholds the determination of OIG, the Stipulated Penalties shall become due and payable 20 days after the DAB issues its decision.

3. **Exclusion Review.** Notwithstanding any provision of Title 42 of the United States Code or Title 42 of the Code of Federal Regulations, the only issues in a proceeding for exclusion based on a material breach of this IA shall be whether Khanna was in material breach of this IA and, if so, whether:

   a. Khanna cured such breach within 30 days of its receipt of the Notice of Material Breach; or

   b. the alleged material breach could not have been cured within the 30 day period, but that, during the 30 day period following Khanna’s receipt of the Notice of Material Breach: (i) Khanna had begun to take action to cure the material breach; (ii) Khanna pursued such action with due diligence;
and (iii) Khanna provided to OIG a reasonable timetable for curing the material breach.

For purposes of the exclusion herein, exclusion shall take effect only after an ALJ decision favorable to OIG, or, if the ALJ rules for Khanna, only after a DAB decision in favor of OIG. Khanna’s election of her contractual right to appeal to the DAB shall not abrogate OIG’s authority to exclude Khanna upon the issuance of an ALJ’s decision in favor of OIG. If the ALJ sustains the determination of OIG and determines that exclusion is authorized, such exclusion shall take effect 20 days after the ALJ issues such a decision, notwithstanding that Khanna may request review of the ALJ decision by the DAB. If the DAB finds in favor of OIG after an ALJ decision adverse to OIG, the exclusion shall take effect 20 days after the DAB decision. Khanna shall waive [his/her] right to any notice of such an exclusion if a decision upholding the exclusion is rendered by the ALJ or DAB. If the DAB finds in favor of Khanna, Khanna shall be reinstated effective on the date of the original exclusion.

4. Finality of Decision. The review by an ALJ or DAB provided for above shall not be considered to be an appeal right arising under any statutes or regulations. Consequently, the parties to this IA agree that the DAB’s decision (or the ALJ’s decision if not appealed) shall be considered final for all purposes under this IA.

XI. EFFECTIVE AND BINDING AGREEMENT

Khanna and OIG agree as follows:

A. This IA shall become final and binding on the date the final signature is obtained on the IA.

B. This IA constitutes the complete agreement between the parties and may not be amended except by written consent of the parties to this IA.

C. OIG may agree to a suspension of Khanna’s obligations under this IA based on a certification by Khanna that [he/she] is no longer providing health care items or services that will be billed to any Federal health care program and she does not have any ownership or control interest, as defined in 42 U.S.C. §1320a-3, in any entity that bills any Federal health care program. If Khanna is relieved of her IA obligations, Khanna shall be required to notify OIG in writing at least 30 days in advance if Khanna plans to resume providing health care items or services that are billed to any Federal health care program or to obtain an ownership or control interest in any entity that bills any Federal
health care program. At such time, OIG shall evaluate whether the IA will be reactivated or modified.

D. All requirements and remedies set forth in this IA are in addition to and do not affect: (1) Khanna’s responsibility to follow all applicable Federal health care program requirements or (2) the government’s right to impose appropriate remedies for failure to follow applicable Federal health care program requirements.

E. The undersigned Khanna signatory represents and warrants that she is authorized to execute this IA. The undersigned OIG signatories represent that they are signing this IA in their official capacity and that they are authorized to execute this IA.

F. This IA may be executed in counterparts, each of which constitutes an original and all of which constitute one and the same IA. Electronically transmitted copies of signatures shall constitute acceptable, binding signatures for purposes of this IA.

This Appendix contains the requirements relating to the Independent Review Organization (IRO) required by Section III.D of the IA.

A. IRO Engagement

1. Khanna shall engage an IRO that possesses the qualifications set forth in Paragraph B, below, to perform the responsibilities in Paragraph C, below. The IRO shall conduct the review in a professionally independent and objective fashion, as set forth in Paragraph E. Within 30 days after OIG receives the information identified in Section V.A.2 of the IA or any additional information submitted by Khanna in response to a request by OIG, whichever is later, OIG will notify Khanna if the IRO is unacceptable. Absent notification from OIG that the IRO is unacceptable, Khanna may continue to engage the IRO.

2. If Khanna engages a new IRO during the term of the IA, that IRO must also meet the requirements of this Appendix. If a new IRO is engaged, Khanna shall submit the information identified in Section V.A.2 of the IA to OIG within 30 days of engagement of the IRO. Within 30 days after OIG receives this information, or any additional information submitted by Khanna at the request of OIG, whichever is later, OIG will notify Khanna if the IRO is unacceptable. Absent notification from OIG that the IRO is unacceptable, Khanna may continue to engage the IRO.

B. IRO Qualifications

The IRO shall:

1. assign individuals to conduct the Quarterly Claims Review who have expertise in the Medicare and TRICARE program requirements applicable to the claims being reviewed;

2. assign individuals to design and select the Quarterly Claims Review and Prescription Review sample who are knowledgeable about the appropriate statistical sampling techniques;

3. assign individuals to conduct the coding review portions of the Quarterly Claims Review who have a nationally recognized coding certification and who have maintained this certification (e.g., completed applicable continuing education requirements);
4. assign licensed nurses, physicians, and/or pharmacists with relevant education, training and specialized expertise (or other licensed health care professional acting within their scope of practice and specialized expertise) to make the medical necessity and other determinations required by the Quarterly Claims Review and the Prescription Review; and

5. have sufficient staff and resources to conduct the reviews required by the IA on a timely basis.

C. IRO Responsibilities

The IRO shall:

1. perform each Quarterly Claims Review and Prescription Review in accordance with the specific requirements of the IA;

2. follow all applicable Medicare and state Medicaid program rules and reimbursement guidelines in making assessments in the Quarterly Claims Review;

3. consider all relevant CMS and FDA guidelines and recommendations, and state-approved compendial sources to determine whether Prescriptions are medically necessary and appropriately prescribed for the specified indication, in making assessments in the Prescription Review;

4. request clarification from the appropriate authority (e.g., Medicare contractor), if in doubt of the application of a particular Medicare or TRICARE program policy or regulation, CMS and FDA guideline and recommendation, and/or state-approved compendial source;

5. respond to all OIG inquires in a prompt, objective, and factual manner; and

6. prepare timely, clear, well-written reports that include all the information required by Appendix B to the IA.

D. Khanna Responsibilities

Khanna shall ensure that the IRO has access to all records and personnel necessary to complete the reviews listed in Section III.D of this IA and that all records furnished to the IRO are accurate and complete.
E. IRO Independence and Objectivity

The IRO must perform each Quarterly Claims Review and each Prescription Review in a professionally independent and objective fashion, as defined in the most recent Government Auditing Standards issued by the U.S. Government Accountability Office.

F. IRO Removal/Termination

1. **Khanna and IRO.** If Khanna terminates its IRO or if the IRO withdraws from the engagement during the term of the IA, Khanna must submit a notice explaining (a) its reasons for termination of the IRO or (b) the IRO’s reasons for its withdrawal to OIG no later than 30 days after termination or withdrawal. Khanna must engage a new IRO in accordance with Paragraph A of this Appendix and within 60 days of termination or withdrawal of the IRO.

2. **OIG Removal of IRO.** In the event OIG has reason to believe the IRO does not possess the qualifications described in Paragraph B, is not independent and objective as set forth in Paragraph E, or has failed to carry out its responsibilities as described in Paragraph C, OIG shall notify Khanna in writing regarding OIG’s basis for determining that the IRO has not met the requirements of this Appendix. Khanna shall have 30 days from the date of OIG’s written notice to provide information regarding the IRO’s qualifications, independence or performance of its responsibilities in order to resolve the concerns identified by OIG. If, following OIG’s review of any information provided by Khanna regarding its IRO, OIG determines that the IRO has not met the requirements of this Appendix, OIG shall notify Khanna in writing that Khanna shall be required to engage a new IRO in accordance with Paragraph A of this Appendix. Khanna must engage a new IRO within 60 days of receipt of OIG’s written notice. The final determination as to whether or not to require Khanna to engage a new IRO shall be made at the sole discretion of OIG.
APPENDIX B

QUARTERLY CLAIMS REVIEW AND PRESCRIPTION REVIEW

A. Quarterly Claims Review. The IRO shall conduct a review of Khanna’s claims submitted to and reimbursed by the Medicare and TRICARE programs, to determine whether the items and services furnished were medically necessary and appropriately documented, and whether the claims were correctly coded, billed, and reimbursed, for each three-month period during the term of this IA (Quarterly Claims Review) and prepare a report for each Quarterly Claims Review performed. The first three-month period shall begin 30 days following the Effective Date of this IA.

1. Definitions. For the purposes of this Appendix B, the following definitions shall be used:

a. Overpayment: The amount of money Khanna has received in excess of the amount due and payable under Medicare or TRICARE program requirements, as determined by the IRO in connection with the Claims Review performed under this Appendix B.

b. Paid Claim: A claim submitted by Khanna and for which Khanna has received reimbursement from the Medicare or TRICARE program.

c. Population: The Population shall be defined as all Paid Claims during the three-month period covered by the Quarterly Claims Review.

2. Quarterly Claims Sample.

a. Within 15 days following the end of each three-month period during the term of the IA, the IRO shall randomly select a sample of 30 Paid Claims submitted by or on behalf of Khanna during the preceding three-month period (Quarterly Claims Sample). The sample must be selected through the use of OIG’s Office of Audit Services’ Statistical Sampling Software, also known as RAT-STATS, which is currently available at https://oig.hhs.gov/compliance/rat-stats/index.asp.

b. Khanna shall provide the IRO with a list of all Khanna’s Paid Claims for the three-month period covered by the Quarterly Claims Sample. The IRO should number each Paid Claim in the Population...
sequentially prior to generating the random numbers used to select the Quarterly Claims Sample. The IRO should generate 30 random numbers using RAT-STATS and then use the random numbers to identify the 30 Paid Claims in the Population that will be subject to review by the IRO.

c. The randomly selected 30 Paid Claims shall be reviewed by the IRO based on the supporting documentation available at Khanna’s office or under Khanna’s control and applicable Medicare and TRICARE program requirements to determine whether the items and services furnished were medically necessary and appropriately documented, and whether the claim was correctly coded, submitted, and reimbursed.

d. The IRO shall prepare a written report of its findings from the Quarterly Claims Sample, as described in Section C below (Quarterly Claims Review Report). The Quarterly Claims Review Report shall be submitted to the OIG within 60 days following the end of the three-month period covered by each Quarterly Claims Review.

3. Repayment of Identified Overpayments. Khanna shall repay within 60 days any Overpayments identified by the IRO in the Quarterly Claims Sample, in accordance with the requirements of 42 U.S.C. § 1320a-7k(d) and any applicable regulations and Centers for Medicare and Medicaid Services (CMS) guidance (the “CMS overpayment rule”). If Khanna determines that the CMS overpayment rule requires that an extrapolated Overpayment be repaid, Khanna shall repay that amount at the mean point estimate as calculated by the IRO. Khanna shall make available to OIG all documentation that reflects the refund of the Overpayment(s) to the payor. OIG, in its sole discretion, may refer the findings of the Quarterly Claims Review Sample (and any related work papers) received from Khanna to the appropriate Medicare or TRICARE program contractor for appropriate follow up by that payor.

b. **Source of Data.** A description of (1) the process used to identify claims in the Population, and (2) the specific documentation relied upon by the IRO when performing the Quarterly Claims Review (e.g., medical records, physician orders, certificates of medical necessity, requisition forms, local medical review policies (including title and policy number), CMS program memoranda (including title and issuance number), Medicare contractor manual or bulletins (including issue and date), other policies, regulations, or directives).

c. **Review Protocol.** A narrative description of how the Quarterly Claims Review was conducted and what was evaluated.

d. **Supplemental Materials.** The IRO shall request all documentation and materials required for its review of the Paid Claims in each Quarterly Claims Sample and Khanna shall furnish such documentation and materials to the IRO, prior to the IRO initiating its review of the Quarterly Claims Sample. If the IRO accepts any supplemental documentation or materials from Khanna after the IRO has completed its initial review of the Quarterly Claims Sample (Supplemental Materials), the IRO shall identify in the Quarterly Claims Review Report the Supplemental Materials, the date the Supplemental Materials were accepted, and the relative weight the IRO gave to the Supplemental Materials in its review. In addition, the IRO shall include a narrative in the Quarterly Claims Review Report describing the process by which the Supplemental Materials were accepted and the IRO’s reasons for accepting the Supplemental Materials.

2. **Statistical Sampling Documentation.** A copy of the printout of the random numbers generated by the “Random Numbers” function of RAT-STATS used by the IRO to select the Quarterly Claims Sample.
3. **Claims Review Findings.**

a. **Narrative Results.**

i. For the first Quarterly Claims Review Report only, a description of (a) Khanna’s billing and coding system(s), including the identification, by position description, of the personnel involved in coding and billing, and (b) a description of controls in place to ensure that all items and services billed to Medicare or TRICARE program by Khanna are medically necessary and appropriately documented. Subsequent Quarterly Claims Review Reports should describe any significant changes to items (a) and (b) or, if no significant changes were made, state that the systems and controls remain the same as described in the prior Quarterly Claims Review Report.

ii. A narrative explanation of the results of the Quarterly Claims Sample, including reasons for errors, patterns noted, etc.

b. **Quantitative Results.**

i. Total number and percentage of instances in which the IRO determined that the coding of the Paid Claims submitted by Khanna differed from what should have been the correct coding and in which such difference resulted in an Overpayment to Khanna.

ii. Total number and percentage of instances in which the IRO determined that a Paid Claim was not appropriately documented and in which such documentation errors resulted in an Overpayment to Khanna.

iii. Total number and percentage of instances in which the IRO determined that a Paid Claim was for items or services that were not medically necessary and resulted in an Overpayment to Khanna.

iv. Total dollar amount of all Overpayments in the Quarterly Claims Review Sample.

v. Total dollar amount of Paid Claims included in the Quarterly Claims Review Sample.
vi. Error Rate in the Quarterly Claims Review Sample. The Error Rate shall be calculated by dividing the Overpayment in the Quarterly Claims Review Sample by the total dollar amount associated with the Paid Claims in the Quarterly Claims Review Sample.

vii. An estimate of the actual Overpayment in the Population at the mean point estimate.

viii. A spreadsheet of the Quarterly Claims Sample results that includes the following information for each Paid Claim: Federal health care program billed, beneficiary health insurance claim number, date of service, procedure code submitted, procedure code reimbursed, allowed amount reimbursed by payor, correct procedure code (as determined by the IRO), correct allowed amount (as determined by the IRO), dollar difference between allowed amount reimbursed by payor and the correct allowed amount.

c. Recommendations. The IRO’s report shall include any recommendations for improvements to Khanna’s billing and coding system or to Khanna’s controls for ensuring that all items and services billed to Medicare or TRICARE programs are medically necessary and appropriately documented, based on the findings of the Quarterly Claims Review.

d. Credentials. The names and credentials of the individuals who: (1) designed the review methodology utilized for the Quarterly Claims Review and (2) performed the Quarterly Claims Review.

C. Other Requirements. The following requirements apply to any Quarterly Claims Review performed pursuant to this Appendix B.

1. Paid Claims without Supporting Documentation. Any Paid Claim for which Khanna cannot produce documentation shall be considered an error and the total reimbursement received by Khanna for such Paid Claim shall be deemed an Overpayment. Replacement sampling for Paid Claims with missing documentation is not permitted.
2. **Use of First Samples Drawn.** For the purposes of all samples discussed in this Appendix, the Paid Claims selected in each first sample shall be used (i.e., it is not permissible to generate more than one list of random samples and then select one for use with the sample).

D. **Prescription Review.** The IRO shall perform the Prescription Review annual to cover each of the three Reporting Periods. The IRO shall perform all components of each Prescription Review.

1. **Prescription Review Population.** The Prescription Review Population shall be defined as all Prescriptions included in the Prescription Tracking System and written and/or ordered during the Reporting Period covered by the Prescription Review.

2. **Prescription Review Sample.**
   
   a. Within 15 days following the end of each Reporting Period during the term of the IA, the IRO shall randomly select a sample of 30 Prescriptions from the Prescription Review Population (Prescription Review Sample). The sample must be selected through the use of OIG’s Office of Audit Services’ Statistical Sampling Software, also known as RAT-STATS, which is currently available at [https://oig.hhs.gov/compliance/rat-stats/index.asp](https://oig.hhs.gov/compliance/rat-stats/index.asp).

   b. The IRO should number each Prescription in the Prescription Review Population in sequential order prior to generating the random numbers used to select the Prescription Review Sample. The IRO should generate 30 random numbers using RAT-STATS and then use the random numbers to identify the 30 Prescriptions that will be subject to review by the IRO.

   c. The randomly selected 30 Prescriptions shall be reviewed by the IRO based on the supporting documentation available at Khanna’s office or under Khanna’s control and all relevant CMS and FDA guidelines and recommendations and state-approved compendial sources to determine whether each Prescription was medically necessary and appropriately prescribed for the indication specified in the Prescription Tracking System and whether the entry for the Prescription in the Prescription Tracking System included all the information required by Section III.C of the IA.

   d. The IRO shall prepare a written report of its findings from the Prescription Review, as described in Section E below (Prescription Review Report).
E. Prescription Review Report. The IRO shall prepare a Prescription Review Report for each Prescription Review performed. The following information shall be included in each Prescription Review Report.

1. Prescription Review Methodology.

b. Source of Data. A description of the specific documentation relied upon by the IRO when performing the Prescription Review (e.g., medical records, previous prescriptions for patient, physician orders, certificates of medical necessity, requisition forms, local medical review policies (including title and policy number), CMS program memoranda (including title and issuance number), CMS recommendations, Medicare contractor manuals or bulletins (including issuance number and date), FDA guidelines and recommendations, state-approved compendial sources, and other policies, regulations, or directives the IRO deems as relevant).

c. Review Protocol. A narrative description of how the Prescription Review was conducted and what was evaluated.

d. Supplemental Materials. The IRO shall request all documentation and materials required for its review of the prescriptions in each Prescription Review Sample and Khanna shall furnish such documentation and materials to the IRO, prior to the IRO initiating its review of the Prescription Review Sample. If the IRO accepts any supplemental documentation or materials from Khanna after the IRO has completed its initial review of the Prescription Review Sample (Supplemental Materials), the IRO shall identify in the Prescription Review Report the Supplemental Materials, the date the Supplemental Materials were accepted, and the relative weight the IRO gave to the Supplemental Materials in its review. In addition, the IRO shall include a narrative in the Prescription Review Report describing the process by which the Supplemental Materials were accepted and the IRO’s reasons for accepting the Supplemental Materials.

2. Statistical Sampling Documentation. A copy of the printout of the random numbers generated by the “Random Numbers” function of RAT-STATS used by the IRO to select the Prescription Review Sample.

a. **Narrative Results.**

i. For the first Prescription Review only, a description of (a) Khanna’s Prescription Tracking System, including the identification, by position description, of the personnel involved in establishing and maintaining the system, and (b) a description of controls in place to ensure that all Prescriptions by Khanna are accurately and timely entered into the Prescription Tracking System. Subsequent Prescription Review Reports should describe any significant changes to items (a) and (b) or, if no significant changes were made, state that the systems and controls remain the same as described in the prior Prescription Review Report.

ii. A narrative explanation of the results of the Prescription Review, including reasons for findings, errors, patterns noted, etc.

b. **Quantitative Results.**

i. Total number and percentage of instances in which the IRO determined that the entry for a Prescription in the Prescription Tracking System did not include all the information required by Section III.C of the IA.

iii. Total number and percentage of instances in which the IRO determined that a Prescription was not medically necessary, or appropriately prescribed for the specified indication.

c. **Recommendations.** The IRO’s report shall include any recommendations for improvements to Khanna’s policies and procedures, Prescription Tracking System, or to Khanna’s prescribing practices to ensure that all Prescriptions are accurately and timely tracked in the Prescription Tracking System, are medically necessary, and are appropriately prescribed for the specified indication, based on the findings of the Prescription Review.
d. **Credentials.** The names and credentials of the individuals who: (1) designed the review methodology utilized for the Prescription Review and (2) performed the Prescription Review.

F. **Other Requirements.** The following requirements apply to any Prescription Review performed pursuant to this Appendix B.

1. *Prescriptions without Supporting Documentation.* Any Prescription in the Sample for which Khanna cannot produce documentation shall be considered an error. Replacement sampling for Prescriptions with missing documentation is not permitted.

2. *Use of First Samples Drawn.* For the purposes of all samples discussed in this Appendix, the Prescriptions selected in each first sample shall be used (i.e., it is not permissible to generate more than one list of random samples and then select one for use with the sample).
