Ms. Shalanda Young  
Director  
Office of Management and Budget  
725 17th Street, NW  
Washington, DC 20503

Dear Director Young:

The Government Charge Card Abuse Prevention Act of 2012 requires Inspectors General to report on the implementation of recommendations made to their agencies to address audit findings for travel and purchase cards. Office of Management and Budget (OMB) guidance requires Inspectors General to submit their reports to OMB by January 31 of each year.

As the Act requires, the Office of Inspector General (OIG) for the U.S. Department of Health and Human Services (HHS) continues to conduct periodic assessments of the travel and purchase card programs at HHS. These assessments are completed to identify and analyze risks of illegal, improper, or erroneous purchases and payments.

HHS OIG has an ongoing risk assessment of the travel and purchase card programs at a specific Operating Division. We also have an ongoing audit of the purchase card program at HHS’s Office of Intergovernmental and External Affairs. We expect to issue this report in fiscal year (FY) 2024. In addition, we continue to track the status of recommendations from previous audits related to HHS travel and purchase cards, details of which are summarized in the attached table.

If you or your staff have any questions, please contact Carla J. Lewis, Assistant Inspector General, at (202) 834-5992 or Carla.Lewis@oig.hhs.gov. Please refer to report number A-04-24-02041 in all correspondence.

Sincerely,

/Amy J. Frontz/  
Deputy Inspector General  
for Audit Services

Enclosure

1 In the *FY 2022 Good Accounting Obligation in Government Act Report*, HHS reported the following for the implementation update: “OS and HHS travel personnel are actively reviewing the HHS Travel Policy Manual and increasing trainings for staff involved in scheduling, preparing, procuring, and approving travel. Additional reporting requests for chartered aircraft have also been implemented.”
