OFFICE OF INSPECTOR GENERAL

Why OIG Did This Review

The Centers for Medicare & Medicaid Services (CMS) contracted with National Government Services (NGS) to process Part A claims under Medicare contract 00130. CMS requested that we perform an audit of NGS's Medicare Part A final administrative cost proposal (FACP) for the last three quarters of fiscal years (FYs) 2011 and 2012.

How OIG Did This Review

We reviewed 310 samples from eight cost pools to determine whether the costs claimed were reasonable, allowable, and in compliance with Federal Acquisition Regulations and other applicable criteria. We limited our internal control review to those controls related to the recording and reporting of costs on the cost proposals.
