Indiana Properly Reported Adjustments Related to the Drug Rebate Program

What OIG Found
The State agency followed its CMS-approved methodology and properly reported $8.3 million ($5.6 million Federal share) in increasing adjustments to the drug rebate program on Line 10A of the September 30, 2014, Form CMS-64. The State agency made the adjustments to correct clerical errors made on the Form CMS-64s for the quarters ending September 30, 2011, and June 30, 2013.
