

DEPARTMENT OF HEALTH AND HUMAN SERVICES
OFFICE OF INSPECTOR GENERAL

Protecting Indian Health and Human Services Programs and their Beneficiaries: The Basics of Health Care and Grants Management Compliance

Crazy Horse Memorial
Crazy Horse, South Dakota

April 27, 2017

U.S. Department of Health & Human Services Office of Inspector General

Who We Are

The U.S. Department of Health & Human Services, Office of Inspector General's (HHS OIG)

mission is to protect the integrity of HHS programs – including Medicare, Medicaid, and programs run by the Indian Health Service – from fraud, waste, and abuse. We also strive to protect the health and well-being of the people served by those programs.

Our agency, which was established in 1976, operates in more than 70 offices nationwide. We oversee a department with more than \$1 trillion dollars in HHS spending, which represents approximately 1/4 of every Federal dollar spent.

What We Do

We oversee department programs by performing audits, investigations, and evaluations, which results in timely information as well as cost-saving or policy recommendations for decision-makers and the public. We also work to develop cases for criminal, civil, and administrative enforcement.

We also provide the health care industry with guidance to comply with Federal fraud and abuse laws and to educate the public about fraudulent schemes so they can protect themselves and report suspicious activities.

HHS OIG & American Indians and Alaska Natives

HHS and its many agencies operate health and human services programs for American Indians and Alaska Natives (AI/ANs) through this country.

The Indian Health Service (IHS), which has an annual budget of approximately \$6 billion, provides or funds a wide range of public health, clinical, and community services to approximately 2.2 million AI/ANs who are members of the 567 federally recognized Tribes located in 35 states. IHS and tribally-run facilities generally also serve as Medicare and Medicaid providers for eligible AI/ANs.

Other HHS agencies provide tribal grants for human services programs, ranging from Head Start to the Low Income Home Energy Assistance Program. OIG provides oversight over all HHS federal health care programs and grant programs that serve AI/ANs – through audits, evaluations, and investigations. We are committed to helping protect the HHS programs in Indian Country from fraud, waste, and abuse so that tribal beneficiaries receive the health and human services that are so important to their well-being.

Contact Us

The OIG website includes guidance that could be helpful to tribes: <https://oig.hhs.gov/compliance>. And you can report fraud, waste, and abuse in HHS programs by contacting our hotline: 1-800-HHS-TIPS (1-800-447-8477).

OIG ALERT

Office of Inspector General
330 Independence Ave., SW
Washington, DC 20201
News Media: (202) 619-0088

For Immediate Release
November 24, 2014

OIG Alerts Tribes and Tribal Organizations To Exercise Caution in Using Indian Self-Determination and Education Assistance Act Funds

Tribes¹ that enter into ISDEAA contracts and Title V Self-Governance compacts with IHS must protect IHS funds from misuse. Further, all tribes that receive Medicare, Medicaid, and Children's Health Insurance Program (CHIP) reimbursements must ensure that those funds are used in accordance with applicable Federal law, including the ISDEAA and the Indian Health Care Improvement Act (IHCA).²

Recent OIG investigations have revealed that some tribes and tribal organizations, or their officials, have not adequately protected these funds; as a result, the funds have been misappropriated or misused. In some cases, health care services for tribal members have been jeopardized.

Tribes may negotiate ISDEAA contracts with IHS, under which the tribes receive funds to provide health-care-related services directly to tribal members.³ Similarly, qualifying tribes may sign Self-Governance compacts with IHS and thereby exercise even more flexibility to use the compact funding for those programs, services, and functions that the tribes have agreed to provide. Tribes must use ISDEAA funds only to carry out activities that are authorized by law and included in the contract, compact, or funding agreements entered into with IHS.⁴ Use of ISDEAA funds for unallowable purposes is subject to disallowance by the Department of Health and Human Services (HHS).

The Affordable Care Act reaffirmed authority for tribal health programs to seek direct reimbursement from Medicare, Medicaid, and CHIP for health care services provided to

¹ For purposes of this alert, we use the word "tribes" to encompass all recipients of Indian Self-Determination and Education Assistance Act (ISDEAA) contracts and compacts with the Indian Health Service (IHS), including tribal organizations.

² 25 U.S.C. § 1601 et seq.

³ ISDEAA funds are distributed pursuant to Public Law 93-638, codified at 25 U.S.C. § 450 et seq.

⁴ 25 U.S.C. §§ 450j-1 and 458aaa-4. In limited circumstances, a tribe may obtain prior approval from IHS for additional uses. 25 U.S.C. §§ 450j-1(k) and 458aaa-15(a).

individuals who are also eligible for those programs.⁵ Importantly, these reimbursements must be reinvested in health care services or facilities.⁶ With respect to compacts, Medicare and Medicaid reimbursements are to be treated as supplemental funding to the tribe's Self-Governance compact.⁷ Tribes that improperly use reimbursements may lose their authority to directly bill Medicare, Medicaid, and CHIP.⁸

Recent OIG investigations have uncovered instances in which tribes used ISDEAA funds to support unauthorized activities. In some cases, shared costs were not allocated correctly between IHS and other activities. In others, ISDEAA funds were "borrowed" to meet other tribal expenses. Sometimes Medicare or Medicaid reimbursements were not reinvested in activities furthering the purposes of the original contract or compact and were not even expended for health care services, but instead were used to cover general tribal deficits. In the most egregious cases, funds were converted to personal use, leaving the tribes with dangerous shortages in health care funding for its members.

The purpose of the limitations on uses of ISDEAA funds and Medicare/Medicaid/CHIP reimbursement is to direct urgently needed funding to health care services for American Indians and Alaska Natives. Tribes should be mindful of these restrictions and take steps to ensure that the funding and reimbursements are properly invested in this vital purpose.

Those who commit fraud involving HHS programs are subject to possible criminal, civil, and/or administrative sanctions.

Agenda

- 7:45-8:30** **Registration**
- 8:30-9:00** **Welcome**
Lyndsay Patty, Special Assistant, Office of Evaluation and Inspections, and
Conference Moderator
- Opening Remarks**
Joanne Chiedi, Principal Deputy Inspector General
- 9:00-9:30** **General Overview and Compliance Programs**
Amitava (Jay) Mazumdar, Deputy Branch Chief, Office of Counsel to the
Inspector General

Andrea Treese Berlin, Senior Counsel, Office of Counsel to the Inspector General
- 9:30-10:15** **Internal Controls — Case Studies**
Patrick Cogley, Regional Inspector General for Audit Services,
Kansas City, Office of Audit Services

Debra Keasling, Assistant Regional Inspector General for Audit Services, Denver,
Office of Audit Services

Moderated By:
Maritza Hawrey, Assistant Director for Grants and Internal Audits Division,
Office of Audit Services
- 10:15-10:30** **BREAK**
- 10:30-11:00** **Documentation**
Lucia Fort, Senior Advisor to the Chief of Staff

Lisa Re, Assistant Inspector General for Legal Affairs, Office of Counsel to the
Inspector General
- 11:00-11:30** **Single Audits — Quality Matters**
Tammie Brown, NEAR Audit Manager, National Single Audit Coordinator,
Office of Audit Services

U.S. Department of Health & Human Services Office of Inspector General

11:30-12:15 **The Office of Investigations**

Charles Hackney, Assistant Special Agent in Charge, Kansas City Regional Office, Office of Investigations

Curt Muller, Inspector, Special Investigations Branch, Office of Investigations

12:15-1:30 **Lunch on your own onsite**

1:30-2:15 **Fraud and Abuse Statutes, Administrative Authorities and Self-Disclosures**

Andrea Treese Berlin, Senior Counsel, Office of Counsel to the Inspector General

2:15-3:15 **Ask the Experts Breakout Session**

- *Quality of care and service delivery*
Amy Ashcraft and Lisa Re
- *Compliance programs and other tools for combatting fraud and abuse*
Andrea Treese Berlin, Jay Mazumdar, and Melinda Golub
- *Internal controls and single audits*
Tammie Brown, Debra Keasling, Pat Cogley, and Maritza Hawrey
- *Who is OIG and how does OIG work with IHS and tribes?*
Curt Muller, Charles Hackney, Steve Hanson, Les Hollie, Brian Harris, Anissa Andrews, Corey Dumdei, and Justin Reedy

3:15-3:30 **Break**

3:30-4:30 **Achieving Quality of Care**

Lisa Re, Assistant Inspector General for Legal Affairs, Office of Counsel to the Inspector General

Kate Goodrich, Director and Chief Medical Officer, CMS, HHS

David R. Wright, Director of Survey and Certification Group, CMS, HHS

Moderated By:

Amy Ashcraft

4:30 **Closing Remarks**

Joanne Chiedi, Principal Deputy Inspector General

OIG staff will remain onsite until 5:30 to answer questions

Indian Health Service, Tribes, Medicare, and Medicaid

U.S. Department of Health & Human Services
Office of Inspector General

- Sec. 1880 of the Social Security Act authorizes Medicare payments to IHS facilities (whether operated by IHS or by a tribe) as long as the requirements for payment are met.
- Sec. 1911 does the same for Medicaid.
- Tribal entities operating an IHS facility under P.L. 93-638 bill Medicare and Medicaid under these provisions and additional requirements in IHClA.

OIG 2014 Alert

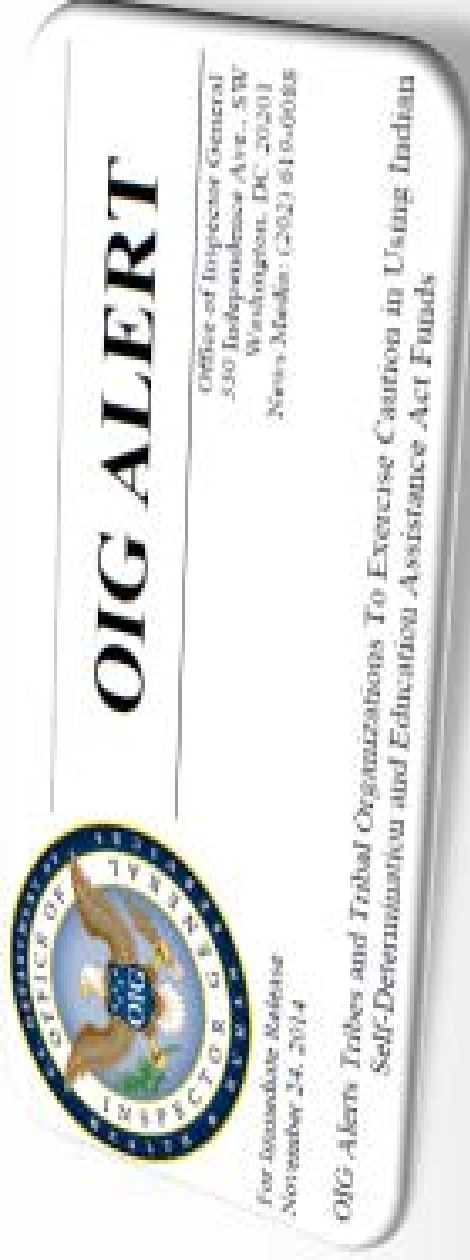

- Tribes may use P.L. 93-638 funds only for purposes authorized by the law, the contract/compact, and the funding agreement.
- Medicare and Medicaid reimbursements must be reinvested in health care services or facilities. Non-compliance may lead to loss of billing authority.

U.S. Department of Health & Human Services Office of Inspector General

OIG 2014 Alert

- Find the alert at:

<http://oig.hhs.gov/compliance/alerts/guidance/index.asp>

U.S. Department of Health & Human Services
Office of Inspector General

The Affordable Care Act amended the Social Security Act to give the Secretary the authority to require Medicare and Medicaid providers, as a condition for enrollment, to establish a compliance program.

(See Social Security Act Sec. 1866(j).)

U.S. Department of Health & Human Services
Office of Inspector General

**What is the
Department of Health and Human Services
Office of Inspector General (HHS/OIG)?**

U.S. Department of Health & Human Services
Office of Inspector General

Office of Inspector General, U.S. Department of Health and Human Services

- Independent oversight agency within HHS
- The Inspector General is appointed by the President
- 1,500 employees, headquartered in Washington
- Oversight conducted from 9 or 10 regional offices, headed by Regional IGs or Special Agents in Charge

U.S. Department of Health & Human Services
Office of Inspector General

Oversight authority established by the Inspector General Act of 1978

- All Federal departments of OIGs
- Responsibilities include—
 - Conduct audits and investigations
 - Recommend policies to the Department to encourage economy and efficiency
 - Prevent and detect fraud, waste, and abuse
- Keep the Department and Congress informed

U.S. Department of Health & Human Services
Office of Inspector General

IG Act authority is limited to “programs and operations” of

HHS:

- Medicare and Medicaid
- Indian Health Service
- Administration for Children and Families
- Health Resources and Services Administration
- Substance Abuse and Mental Health Admin.
- And nearly 100 other HHS programs

U.S. Department of Health & Human Services
Office of Inspector General

The Inspector General Act of 1978 gives OIG authority

to:

- Have access to all records available to HHS
- Request assistance from other Federal, State, and local agencies
- Require by subpoena the production of all information necessary in the performance of IG Act functions

U.S. Department of Health & Human Services
Office of Inspector General

HHS/OIG “derivative” authority to obtain records

- Parts A (hospital), B (non-hospital), C (managed care), and D (prescription drugs)
 - Providers and entities must maintain information to support claims and for oversight
- Medicaid
 - providers and entities must keep information to support claims

U.S. Department of Health & Human Services
Office of Inspector General

HHS/OIG “derivative” authority to obtain records

- HHS grants
 - program rules require keeping financial and other pertinent records
- P.L. 638
 - Titles I and V require keeping financial information and access to HHS
- Because HHS has access to these, OIG does too.

U.S. Department of Health & Human Services
Office of Inspector General

HHS/OIG also provides technical assistance to health care providers, e.g.:

- Compliance guidance
- Advisory opinions
- Various OIG alerts
- Speeches and presentations before industry groups

U.S. Department of Health & Human Services
Office of Inspector General

The Purpose of a Compliance Program

U.S. Department of Health & Human Services
Office of Inspector General

Compliance Program?

Comply with what?

HHS grantees and health care providers must comply with a variety of rules, regulations, and laws, including:

- Medicare, Medicaid, and private coverage, billing, and coding requirements;
- Medicare conditions of participation;
- HIPAA privacy and security;
- Licensing and certification requirements;
- Drug and alcohol treatment privacy regulations (if applicable);
- Grant rules and regulations;
- The criminal prohibition on physician self-referrals (if applicable);
- And more. . . .

U.S. Department of Health & Human Services
Office of Inspector General

The government has a variety of tools to address non-compliance by grantees and health care entities, including:

- Administrative action, such as exclusion or termination;
- Suits under the False Claims Act;
- Civil Monetary Penalties;
- Disallowances and recovery of payments; and
- Criminal prosecution.

A good compliance program will help you avoid all of these.

INTERNAL CONTROLS – CASE STUDIES

Patrick Cogley – Regional Inspector General for Audit Services, Kansas City
Debra Keasling – Assistant Regional Inspector General for Audit Services, Denver
April 27, 2017

U.S. Department of Health & Human Services
Office of Inspector General

Objectives

- Why Have a Good Internal Control Structure
- Case Studies of Poor Internal Controls
- Best Practices to Help Prevent Errors, Fraud and Abuse
- Internal Control Resources

OMB Uniform Grant Guidance

- 2 CFR § 200.62 Internal control over compliance requirements for Federal awards: A process implemented by a non-Federal entity designed to provide reasonable assurance that
 - Transactions are properly recorded and accounted for,
 - Transactions are executed in accordance with Federal statutes, regulations, and the terms and conditions of the Federal award, and
 - Funds, property, and other assets are safeguarded against loss from unauthorized use.

U.S. Department of Health & Human Services
Office of Inspector General

Internal Control Requirements

- Required by 2 CFR § 200.303 “The non-Federal entity must establish and maintain effective internal controls over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award.
- Should be in compliance with GAO Standards and COSO standards.

U.S. Department of Health & Human Services
Office of Inspector General

GAO Internal Control Standards “Green Book”

What is internal control?

Framework that includes;

--5 components of internal control (includes Control Activities)

--17 principles of Internal Control

U.S. Department of Health & Human Services
Office of Inspector General

Internal Control Standards Control Activities

Management should design control activities to achieve objectives and respond to risks.

Management should design the entity's information system and related control activities to achieve objectives and respond to risks.

Management should implement control activities through policies.

U.S. Department of Health & Human Services
Office of Inspector General

Uniform Guidance Automated Systems

Uniform Guidance encourages efficient use of information technology and shared services:

- Updated provisions account for the efficient use of electronic information, as well as the acquisition and use of the information technology systems and shared services that permeate an effective and modern operating environment.
- Technology should be leveraged to improve control activities and reduce risk when cost-beneficial to do so.

Payroll Issues

- ▶ **Salary payments - paper checks or direct deposit 2-days prior to the end of the pay period**
 - Allowed employees salary advance
 - Duplicate Salary payments totaling \$82,175 over a 2-year period to seven employees

- ▶ **Excessive Retirement Benefits - Employees received a percentage of their gross wages as a retirement benefit**
 - Allowed advances on retirement benefits
 - Allowed to request advance for several consecutive pay periods
 - Eight employees – excessive retirement benefits of \$65,696 for 1-year

Payroll Issues

- ▶ **Overtime Payments**
 - Two exempt employees received overtime payments - \$31,800
 - Non-exempt employees received overtime even though employee did not work a 40 hour work week (took annual or sick leave) - \$12,360

- ▶ **Excessive Annual Leave Benefits**
 - Employees received and used 548 hours of excessive annual leave totaling about \$11,300

U.S. Department of Health & Human Services
Office of Inspector General

Best Practices/Control Activities

- All salary and retirement advances, earned and used leave, etc. should be tracked in payroll system in automated environment instead of tracking outside of payroll system
- Establish a policy that requires employees to complete a “Request for Payroll Advance” form with written justification (should be based on hardship situation) and have form approved by manager and a payroll supervisor
- Install computer edits to stop an employee from receiving more in salary and benefits than they are entitled
- Managers should have access to payroll exception reports (Overtime, Payments in Excess of Specified Thresholds, etc....)
- Policies should be established to (1) authorize compensatory time in lieu of overtime, and (2) require supervisors to approve all overtime requests in advance.

U.S. Department of Health & Human Services
Office of Inspector General

Potential False Propane Delivery Tickets

Low-Income Home Energy Assistance Program - assist low-income households in meeting their immediate home energy needs

- Client complaints that they did not receive amount of propane ordered
- Invoices for propane did not support amount paid by Tribe

Best Practices/Control Activities

- Install meter on propane trucks to show digitally the amount of propane poured per client
- Consider a GPS location system to digitally show the location of the pour

Incorrectly Completing Federal Reports

Low-Income Home Energy Assistance

- ▶ **Federal Reports Unsupported or Completed Incorrectly**
 - Did not use financial information, such as general ledgers, to support reports
 - Did not compare budgeted grant funds to expended grant funds to ensure unobligated grant funds were returned to Federal Government
 - Because the tribe did not use general ledgers to complete Federal Financial reports, they need to refund to the Federal Government about \$720,000

Best Practices/Control Activities

- Track money spent or pre-paid by grant year
- Use general ledgers to complete financial information (i.e. expended grant funds and unobligated grant funds) for Federal reports
- Establish a policy that requires a comparison of budgeted amounts to actual expenditures periodically throughout the year. Increase LIHEAP benefits if funds are available.

LIHEAP – Eligibility

- Administration for Children and Families (ACF) allows Tribes to define income for program eligibility
- Tribe included income types on LIHEAP application (wages, Social Security income, unemployment, leases etc.)
- Application not clear whether royalty income was considered income
- 10 Clients received \$21,147 over 3 years in unallowable benefits
- 1 client had unreported income of \$800,000 and received unallowable benefits totaling \$4,425

U.S. Department of Health & Human Services
Office of Inspector General

Best Practices/Control Activities

- Tribe should formally define what it considers income
- Ensure that the applicants fully understand what is considered income by defining income in application instructions
- Contact BIA to determine who received royalty income

Internal Control Resources

Single Audit Importance for Proper Grants Management

- Obtain assurance on the financial integrity of funded programs
- Identify possible noncompliance and other issues early
- Lower risk of future noncompliance
- Strengthen your ability to secure additional funding

U.S. Department of Health & Human Services Office of Inspector General

Procuring Quality Single Audits

- Must comply with procurement standards in accordance with 45 CFR 75.326 through 75.335 of Subpart D
 - Positive efforts to utilize small businesses, minority –owned firms, and women owned business enterprises.
 - Ensure the objective and scope with in the proposal are clear.
 - Obtain a copy of the auditor’s latest peer review. (required to provide per GAGAS)
 - No audit cost allowed if Audits are not conducted in accordance with appropriate standards and the Single Audit Act requirements.

U.S. Department of Health & Human Services Office of Inspector General

Evaluation Factors to Consider

- Relevant Experience and Commitment to Quality
- Responsiveness to Request for Proposal (RFP)
- Availability of Staff with Professional Qualifications and Technical Abilities
- Peer Review Results
- Price (only after quality)
- Precluded Auditor
 - Indirect Cost Proposal
 - Independence

U.S. Department of Health & Human Services Office of Inspector General

Important Contract Elements

- Stipulations on Additional Required Work
- Stipulations on Staffing Experience Levels to Work on the Audit
- Stipulation on Access to Audit Documentation
- Stipulation that Audit Reports Issued to the Entity are the Exclusive Property of the Auditee
- Management's Responsibilities

U.S. Department of Health & Human Services Office of Inspector General

Resolving Audit Findings

- Cooperative Audit Resolution
- Addressing Underlying Cause not just the Symptom
- Impact on Future Audits

HHS Grant Funding

- Did you know that the Department of Health and Human Services is the largest grant-making organization in the Federal Government?
- In fiscal year (FY) 2015, HHS awarded approximately \$410 billion in grants and over \$21 billion in contracts.

U.S. Department of Health & Human Services
Office of Inspector General

HHS Grant Examples

- **Low Income Home Energy Assistance Program (LIHEAP)**
- **Tribal Temporary Assistance to Needy Families (TANF)**
- **Child Care and Development Fund (CCDF)**
- **Head Start**
- **Tribal Child Support**

Types of fraudulent conduct

- Theft/embezzlement (grant administrators/program directors)
- Bribery of Tribal officials and contractors
- Grantees and recipients providing false information on applications
- False documents including invoices and
- Unauthorized/inflated salaries (staff, family, friends)
- Wages paid yet no work performed
- Grant funds used for personal travel and other items of personal enhancement.

The False Claims Act

31 U.S.C. Sections 3729-3733

U.S. Department of Health & Human Services
Office of Inspector General

The Federal False Claims Act

- 31 U.S.C. Sections 3729 *et. seq.*
- Prohibitions on knowingly making--
 - False claim;
 - False record or statement;
 - Reverse false claim; or
 - Conspiracy.
- Treble damages.
- Per claim penalties.

The False Claims Act

Common Issues:

- Medical necessity
- Arrangements
- Worthless services
- 60 day repayment
- Data-driven cases

U.S. Department of Health & Human Services
Office of Inspector General

Civil Monetary Penalties Law

42 U.S.C. Section 1320a-7a

U.S. Department of Health & Human Services
Office of Inspector General

Types of Civil Monetary Penalties (CMP) Cases

- Kickbacks
- Physician referral (Stark) violations
- False or Fraudulent Claims
- Billing while excluded
- Select Agents
- Patient dumping (EMTALA)
- About 40 other OIG CMPs

Civil Monetary Penalties Law – Key Points

- Aside from 42 U.S.C. 1320a-7a, there are other CMPs are codified outside the CMPL, but incorporate the CMPL intent standards and procedures.
- CMPL is most often used by OIG as an alternative to civil action under the False Claims Act.
- DOJ authorization is required for a CMPL action, 42 U.S.C. § 1320a-7a(c)(1).
- OIG must prove the elements of a CMP action by preponderance of the evidence; Respondent has the burden to prove any mitigating factors and affirmative defenses.
- Six Year Statute of Limitations, 42 U.S.C. § 1320a-7a(c)(1).
- CMP, Assessments, and Exclusion available for most CMP cases.
- Administrative Law Judge Proceeding/Hearing, 42 U.S.C. § 1320a-7a(c)(2).

U.S. Department of Health & Human Services
Office of Inspector General

The Anti-Kickback Statute

42 U.S.C. § 1320a-7b(b)

U.S. Department of Health & Human Services
Office of Inspector General

The Anti-Kickback Statute

- Offer, Payment, Solicitation, or Receipt
- Remuneration
- Referrals
- Knowingly and Willfully
- Safe Harbors

U.S. Department of Health & Human Services
Office of Inspector General

Violations of the Anti-Kickback Statute

- **Criminal**
- **Civil Monetary Penalties**
- **Exclusion**
- **False Claims Act Liability**
- **Non-Payment**
- **Refunds to Beneficiaries**

The Prohibition on Certain Physician Referrals (Stark Law)

42 U.S.C. Section 1395nn

Three Questions

- Is there a referral by a physician for a Medicare designated health service (DHS)?
- Does the physician have a financial relationship with the entity furnishing DHS?
- Does the financial relationship fit in an exception?
 - ***If not, there's probably a violation***

U.S. Department of Health & Human Services
Office of Inspector General

Violations of Stark Law

- Non-payment
- Refunds to beneficiaries
- Civil Monetary Penalties
- Exclusion
- False Claims Act Liability

U.S. Department of Health & Human Services
Office of Inspector General

Nutshell Stark

- Technical violations matter.
- Fair Market Value (FMV) matters even more.
- Evolving case law .

The Inspector General's Exclusion Authorities

Section 1128A of the Social Security Act
42 U.S.C. Section 1320a-7

Exclusion from Federal Health Care Programs Section 1128 of the Social Security Act

Mandatory – Section 1128(a)

- Conviction of “program related” crime;
- Conviction of patient abuse and neglect;
- Felony conviction of health care fraud; and
- Felony conviction relating to controlled substances.
- **Five year minimum.**

Permissive – Section 1128(b)

- 16 authorities, including:
 - Certain misdemeanor convictions;
 - Loss of state license to practice;
 - Failure to repay health education loans; and
 - Failure to provide quality care.

U.S. Department of Health & Human Services
Office of Inspector General

Length of Exclusion

Generally defined period, but certain may be indefinite in length.

Must apply for and be granted Reinstatement.

Directions for application can be found at www.oig.hhs.gov.

U.S. Department of Health & Human Services
Office of Inspector General

What can you do?

Contact the OIG.

Negotiate a voluntary exclusion.

Effective upon signing.

U.S. Department of Health & Human Services
Office of Inspector General

Procedure for Exclusions

Derivative Exclusions – Implemented and then the excluded individual or entity has a right to a hearing.

Affirmative Exclusions – By agreement or hearing.

***See 42 C.F.R. sections 1001 et. seq. and
www.hhs.gov/dab***

EXCLUSIONS DATABASE

Self-Disclosure Information

The Office of Inspector General (OIG) has several self-disclosure processes that can be used to report potential fraud in Department of Health and Human Services (HHS) programs. Choose the one that applies to you from the following descriptions to learn more.

Self-disclosures should not be reported to the OIG Hotline.

Health Care Provider Self-Disclosures

- Health care providers, suppliers, or other individuals or entities subject to Civil Monetary Penalties can use the Provider Self-Disclosure Protocol, which was created in 1998, to voluntarily disclose self-discovered evidence of potential fraud. Self-disclosure gives providers the opportunity to avoid the costs and disruptions associated with a Government-directed investigation and civil or administrative litigation. Visit the Provider Self-Disclosure Protocol webpage for more information.

HHS Contractor Self-Disclosures

- Contractors are individuals, businesses, or other legal entities that are awarded Government contracts, or subcontracts, to provide services to the Department of Health and Human Services (HHS). OIG's contractor self-disclosure program enables contractors to self-disclose potential violations of the False Claims Act and various Federal criminal laws involving fraud, conflict of interest, bribery or gratuity. This self-disclosure process is available for those entities with a Federal Acquisition Regulation-based contract. Visit the Contractor Self-Disclosure webpage for more information.

HHS Grantee Self-Disclosures

- HHS grantees or subrecipients may voluntarily disclose evidence of potential violations of Federal criminal law involving fraud, bribery, or gratuity violations, potentially affecting the Federal award. 45 C.F.R. 75.113 notes mandatory disclosures of criminal offenses that non-Federal entities must make with respect to HHS grants. Recipients submitting disclosures in connection with this requirement should include the subject reference line "Mandatory Grant Disclosure." Recipients choosing to disclose conduct that may not fit squarely within the scope of offenses described in 45 C.F.R. 75.113, should include the following subject

U.S. Department of Health & Human Services Office of Inspector General

Self-Disclosure Protocol

The screenshot shows a web browser window with the URL <https://oig.hhs.gov/compliance/self-disclosure-info/protocol.asp>. The page features a dark blue header with the text "REPORT FRAUD" and "An official website of the United States government. Here's how you know >". The main navigation menu includes: About OIG, Reports & Publications, Fraud, Compliance, Exclusions, Newsroom, and Careers. The page title is "Provider Self-Disclosure Protocol" under the "Office of Inspector General, U.S. Department of Health & Human Services".

The main content area contains the following text:

Provider Self-Disclosure Protocol

Providers who wish to voluntarily disclose self-discovered evidence of potential fraud to OIG may do so under the Provider Self-Disclosure Protocol (SDP). Self-disclosure gives providers the opportunity to avoid the costs and disruptions associated with a Government-directed investigation and civil or administrative litigation.

Have you or any of your affiliates submitted a self-disclosure to the OIG in the past or currently have one pending? If so, please identify the submission date of the self-disclosure and list the name of the entity and affiliates.

A red button labeled "Self-Disclosure Online Submission" is positioned to the right of the text.

Below the main content, there is a section titled "I'm looking for" with a dropdown menu set to "Select One". A list of links is provided:

- Accountable Care Organizations
- Advisory Opinions
- Compliance 101 and Provider Education
- Compliance Guidance
- Corporate Integrity Agreements
- Open Letters

At the top of the page, there is a search bar with the placeholder text "Report #, Topic, Keyword." and a "Search" button. A "Reset" button is located to the right of the search bar.

Office of Inspector General

On-Line Submission

**Self-Disclosure
Online Submission**

U.S. Department of Health & Human Services
Office of Inspector General

OIG Self-Disclosure Protocol

- Make sure the submission is complete.
- Consult OIG's website at: oig.hhs.gov.

U.S. Department of Health & Human Services
Office of Inspector General

Benefits of Self-Disclosure

- **Cooperative Process.**
- **Likely a smaller settlement amount.**
- **Usually no integrity obligations.**
